Preface

This document is a compendium of all the Goals, Objectives, and Policies contained in the adopted Comprehensive Plan of Pinellas County. There are 13 Elements contained in that Plan, and each of those documents includes a comprehensive inventory and analysis in support of the Goals, Objectives, and Policies on that subject. The policy pertaining to establishing the Concurrency Management System for Pinellas County and the procedures for monitoring and evaluating the Plan are also included. It is, therefore, the intent of this Compendium to place all of the policy text in one location for reference by the public.
