# OPEN HOUSE

## Downtown Palm Harbor - Master Plan Update

Thursday,  
January 26, 2017  
6:30 – 9:00 p.m.  
Palm Harbor  
University High School  
1900 Omaha Street  
(Cafeteria)  
Palm Harbor, FL 34683

## ISSUE

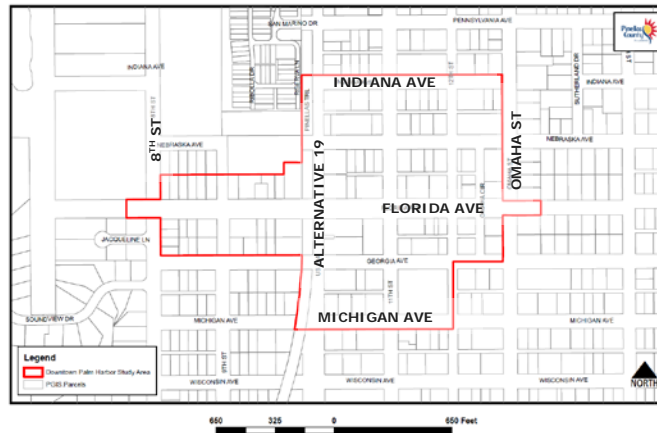

In 2001, Pinellas County adopted the Downtown Historic Palm Harbor Master Plan. The Plan outlines key recommendations for improvement in the downtown area.

Many recommendations have been completed, some are in progress, and others remain incomplete.

After 15 years of implementing the Plan, it is time to review the remaining recommendations and consider new ones.

## DOWNTOWN PALM HARBOR STUDY AREA

## OBJECTIVE

There will be group discussions about issues and opportunities for improvements within Downtown Palm Harbor.

Please **join us to discuss potential updates to the Plan**, especially as they relate to:

- **Character and Identity**

What are the area's strengths and unique features?

- **Connectivity**

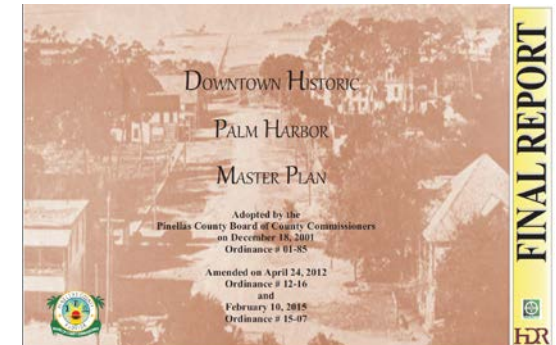

How can people move around safely and efficiently?

- **Branding and Marketing**

What are the best ways to promote the area?

## MASTER PLAN

Please check the County's website to view the adopted Master Plan at [http://www.pinellascounty.org/Plan/pdf\\_files/DHPHMP.pdf](http://www.pinellascounty.org/Plan/pdf_files/DHPHMP.pdf).

## SHARE YOUR THOUGHTS

In addition to joining us on January 26, you can share your opinion online through our web-based community engagement tool, "Open Pinellas," at [www.pinellascounty.org/planning/openpinellas](http://www.pinellascounty.org/planning/openpinellas).

There will be additional opportunities to provide web-based feedback using Open Pinellas at the open house and throughout this process.

A second community meeting is being planned. Please look for updates in 2017.
