2012 Recycling Events

Celebrate recycling year-round with family events and workshops.

Event Recycling

Want to promote recycling at your event?

Our staff can help coordinate recycling efforts or provide educational exhibits for your event. Please contact us at least one month in advance by e-mail at recycle@pinellascounty.org, or call 464-7500.

Want to recycle cans and bottles at an event?

It's easy—simply provide your guests with a recycling bin next to each trash can. For a special event such as a festival, you can borrow folding recycling bins or a trailer. Another option is to pay a company to provide recycling bins. Visit pinellascounty.org/recycle for a [list of event recycling options](#).

What is the Recyclin' Roadie?

The Recyclin' Roadie is a brightly painted mobile recycling trailer available to collect recyclables at events. To request the trailer, e-mail recycle@pinellascounty.org, or call 464-7500.

Compost and Rain Barrel Workshops

Sign up for an educational workshop on creating compost or using recycled rain barrels. Compost bins will be given away, while supplies last. Recycled barrels may be available for purchase. For a calendar of workshop dates and to register, visit

Pinellas County Extension at 12520 Ulmerton Road, Largo, call 582-2100 or go online to pinellascountyextension.org.

Visit compostinfo.com for tips on how to recycle yard waste and kitchen scraps into compost.
