**Subject:**

Approval of Purchase Authorization – Vehicles, Heavy and Light Duty  
Contract No. 134-0073-PB(BL)

**Department:**

Real Estate Management / Purchasing

**Staff Member Responsible:**

Paul Sacco / Joe Lauro

**Recommended Action:**

I RECOMMEND THE BOARD OF COUNTY COMMISSIONERS (BOARD) APPROVE THE PURCHASE AUTHORIZATION OF VEHICLES, HEAVY AND LIGHT DUTY, IN AN AMOUNT NOT TO EXCEED \$11,280,000, PER THE PRICING, TERMS AND CONDITIONS OF THE FLORIDA SHERIFFS ASSOCIATION / FLORIDA ASSOCIATION OF COUNTIES (FSA/FAC) CONTRACTS # 13-11-0904, OFF ROAD UTILITIES, MEDIUM/HEAVY TRUCKS & OTHER FLEET EQUIPMENT AND # 13-21-0904, POLICE RATED, ADMIN & LIGHT TRUCKS.

**Summary Explanation/Background:**

The FSA/FAC contracts are awarded to the lowest, responsive, responsible bidders (as per attached) by manufacturer, by specification, and by zone for all vehicles, trucks, vans and other fleet equipment. The FSA/FAC contracts are advertised and awarded as a cooperative contract, taking into consideration requirements and quantities to be ordered by agencies throughout the State of Florida. In the past, the Purchasing Department bid the requirements for mass produced cars, trucks and equipment and found due to economy of scale, the FSA/FAC contracts to be much more cost effective. The Fleet Management Division within the Real Estate Management Department utilizes these contracts for the scheduled replacement of mass produced equipment that has reached the end of its useful and economic life. Factors used to determine the end of useful and economic life include but are not limited to: age, life to date, mileage/hours of operation, historical maintenance cost as compared to like vehicles, operating cost per mile/hour, anticipated and ongoing repairs, and physical condition.

The purchase authorization expenditure request amount represents funding for fiscal year 2014 new vehicle and equipment purchases, as well as, carryover funds for vehicles and equipment that were ordered in fiscal year 2013, but not received prior to October 1.

It should be noted that the vehicles presented for consideration are previously deferred replacements from prior fiscal years and have greatly exceeded factors for replacement. All of the vehicles represented and requested have been thoroughly reviewed with user departments and are confirmed to be in absolute need of replacement.

Attached, is a synopsis of expenditures from the Vehicle Replacement Plan (VRP) and Department of Environment and Infrastructure Utilities Division Fund.

The purchase authorization expenditure request has been rounded to an amount not to exceed \$11,280,000 to provide for options necessary to outfit specific vehicles with items such as light bars, trailer hitches and tool boxes. These items will only be purchased as required based on functional needs and work task requirements.

**Fiscal Impact/Cost/Revenue Summary:**

Total Utilities (DEI) FY13 Carryover	\$ 1,429,448.00
Total VRP FY13 Carryover	\$ 2,630,633.00
