

BOARD OF COUNTY COMMISSIONERS

DATE: May 6, 2014

AGENDA ITEM NO. 9

Consent Agenda ☒

Regular Agenda ☐

Public Hearing ☐

County Administrator's Signature: 

Subject:

Acceptance of Summary of Commercial Insurance Coverages renewed for March 1, 2014 in the Amount of \$8,045,320 and Execution of Insurance Documents by the County Administrator or His Designee.

Department:

Risk Management

Staff Member Responsible:

Virginia E. Holscher, CPCU, Director

Recommended Action:

I RECOMMEND THE BOARD OF COUNTY COMMISSIONERS (BOARD) ACCEPT THE SUMMARY OF COMMERCIAL INSURANCE COVERAGES RENEWED FOR MARCH 1, 2014, PURSUANT TO THE ADMINISTRATOR'S DELEGATED AUTHORITY AS OUTLINED AND EXPLAINED IN THE ATTACHED LIST OF INSURANCE COVERAGES AND THEIR INVOICES.

Summary Explanation/Background:

Insurance companies require payment of policy premiums within 30 days of binding coverage to prevent cancellation. In March 2008, the Board delegated authority to the County Administrator to review and sign all future insurance invoices. Every year, the Risk Management Department provides the Board a summary of commercial coverages renewed by the Administrator.

The result of the March 1, 2014 renewal is a decrease in premiums of approximately \$75,000. Total premiums for 2013-2014 were \$8,120,299 and for 2014-2015 are \$8,045,320. While there is a decrease, the renewal premiums include two new policies, cyber risk and traffic signal maintenance liability. This renewal decrease compares to an increase in premiums of \$646,432 for the March 1, 2013 renewal. Pertaining to the \$75,000 decrease, there was actually an \$114,051 increase in premium for the County casualty program and \$189,030 decrease in premium for the County property program. An exhibit is attached showing each policy and the results. An explanation of the marketing efforts for property and casualty programs and the resulting increases/decreases follows. The two additional policies shown in the attached exhibit are estimated to be \$190,000 and staff anticipates the premiums will not exceed this amount.

The County competitively engaged two insurance brokers, Arthur J. Gallagher and Marsh USA, Inc. (Marsh USA), to advise and act as our brokers in the market. Arthur J. Gallagher provides advisory, marketing and placement services for the municipal property insurance program, while Marsh USA provides advisory, marketing and placement services for the liability (casualty) program. As our brokers, their primary focus is to competitively procure quality insurance coverage, while maximizing the fiduciary responsibilities to our citizens to manage insurance premium costs. Per contract, the brokers are paid a fee by the County. In addition to the municipal property program, the County has a "highly protected property" (HPR) program placed directly with FM Global Insurance Company, a "direct writer" of property insurance that specializes in HPR property. Included in this program are the Solid Waste Facility, South Cross Facility and the new Public Safety Services (PSS) building. There is a decrease in property premiums of \$189,030 which includes both the municipal property program and the HPR property program. The municipal program premium contained a reduction of \$300,077 while the FM Global

Program contained an increase (attributable to the new PSS building) of \$111,047. The County's coverage is effective from March 1 through February 28, crossing two fiscal years, enabling the County to bind insurance outside of hurricane season.

Insurance renewals are for the purchase of commercial insurance for property and casualty coverages. This insurance program provides County-owned property and various areas of liability insurance for the Board and all the Appointing Authorities, including the Sheriff. The Clerk of Courts does not participate in the Workers Compensation insurance policy.

Marsh USA marketed the liability (casualty) program. Our liability premiums purchased from March 1, 2013 to March 1, 2014 decreased by \$75,949. The County will place two new policies during this fiscal year, a cyber risk policy with a limit of \$10 million and a general liability policy to provide for liability protection pertaining to traffic signal work the County performs for municipalities within geographical Pinellas County. The preliminary quotes on these two policies total \$190,000. The net increase on the casualty portion of the program is \$114,051. Staff can only approximate this difference until the actual premiums are finalized, but expectation is that any changes in the quotes for the two new policies will produce more favorable final quotes.

Arthur J. Gallagher marketed the non-HPR property program as well as a terrorism and flood policies. The flood policies are in place to meet the requirement of the Stafford Act, required for those buildings located in one hundred (100) year flood zones for the purpose of maximizing Federal Emergency Management Agency reimbursement. The property insurance marketplace has stabilized and in some aspects improved since last year. This is mostly attributable to a large amount of capacity in the marketplace and capacity creates competition. Arthur J. Gallagher secured more favorable coverage and premiums were reduced by just over \$391,000 for the same coverage as the expiring policy. One of the new key enhancements in this program provides for a sublimit of \$25 million for auto physical damage and mobile equipment at County locations. The program also provides for property damage of vehicles and mobile equipment damaged "over-the road" i.e., collision, theft and vandalism, subject to a maximum \$500,000 limit per claim. Autos valued over \$200,000 will now have coverage on a replacement cost basis. We will be increasing our terrorism coverage to include the Solid Waste, South Cross and the Emergency Responders Building (ERB) buildings during this fiscal year at an approximate cost of \$90,000, resulting in a net savings for the property insurance program of over \$300,000 over the prior year's premiums.

RMS Version 13.0 Catastrophe (CAT) Model

The latest wind model (version 13.0) is a good benchmark for the wind limit that the County carries. "Wind modeling" is used by insurance carriers to determine what the Probable Maximum Loss (PML) would be in the event of a major hurricane. Arthur J. Gallagher provided the following result from a model analysis for Ground Up Losses:

Probability	2014 RMS v.13.0
100 Year Wind PML	\$62.6 million
250 Year Wind PML	\$111.0 million

The County purchases \$100 million in wind limits for the non-HPR properties.

Our 2014 rate, premium and coverage limits compare very favorably with surrounding governmental entities. The chart below provides a comparison of local public entity programs. Premiums and rates are usually determined by a combination of Total Insurable Value (TIV), wind modeling results and wind limit.

MUNICIPAL PROPERTY INSURANCE COMPARISON - NEIGHBORING ENTITIES

	Pinellas County	Hillsborough County	City of Clearwater	Pasco County
Policy Year	2014-2015	2014-2015	2014-2015	2013-2014
TIV	\$1,279,646,996	\$1,518,475,174	\$495,288,852	\$805,591,268
Named Windstorm Limit	\$100,000,000	\$75,000,000	\$60,000,000	\$65,000,000
AOP Deductible	\$100,000	\$100,000	\$100,000	\$50,000
Named Windstorm Ded.	5%	5%	5%	5%
Annual Premium	\$3,084,300	\$4,286,000	\$1,660,501	\$1,867,499
Rate per \$100/Values	\$0.24	\$0.28	\$0.33	\$0.23

Our non-HPR property policies provide coverage for all property except for the majority of the buildings at the Solid Waste Facility, South Cross Bayou Water Reclamation Facility and the PSS complex. These three locations qualify as "Highly Protected Properties", which make them eligible for coverage with FM Global Insurance. This allows these buildings to have a greater degree of wind limit at very competitive premium rates. The Solid Waste Facility is valued at \$703.4 million and the wind limit for that facility is \$703.4 million. The premium rate is .07% higher than the non-HPR municipal policy. South Cross and the PSS Complex are valued at \$257.8 million. The wind limit they share is \$200 million. The rate is .04% higher than the non-HPR municipal policy. The balance of the County's properties are valued at approximately \$1.3 billion and they share a wind limit of \$100 million. By taking advantage of their "highly protected" status, we are able to have higher wind limits at these specific locations while lowering by nearly \$1 billion the amount of locations that share the \$100 million master policy limit.

The Solid Waste Facility premium is increasing from \$2,154,081 to \$2,179,711. This is a premium increase of \$25,630 or 1.2%. Premiums for the South Cross Facility are decreasing from \$697,746 to \$675,211. This is a premium decrease of \$22,535 or 3.2%. The Public Safety Complex was insured under a Builders Risk policy that will expire June 7, 2014. The PSS building will be added to the policy on a completed building basis as of date of expiration. The prorated premium for June 7, 2014 through March 1, 2015 is \$107,952. The overall increase with the addition of the PSS building is 3.9%.

Fiscal Impact/Cost/Revenue Summary:

Premiums total \$8,045,320. Of this amount, \$5,865,609 is derived from the Risk Fund (which includes the South Cross Facility and the PSS premium). The remaining premium of \$2,179,711 (for the Solid Waste Facility) is derived from, the Department of Environment and Infrastructure's Solid Waste FY2013/2014 budget. These premiums are within our budgeted premium estimates for FY 2014 and will not require additional funds.

3654578722023 000561050121

No. 16
BOC 3-18-08
2:01 P.M. SMITKE/Haumann

- #16 Authorization granted for payment to the appropriate broker for various insurance renewal premiums in the amount of \$3,988,182.00 as outlined in the board memorandum dated March 18, 2008, and attachments, copies of which have been filed and made a part of the record; County Administrator or his designee authorized to execute forms, applications and documents necessary to continue coverage for the term of renewal policies; County Administrator authorized to sign insurance invoices for all future insurance premiums and their renewals (Risk Management).

Motion - Commissioner Latvala
Second - Commissioner Harris

Responding to a comment by Chairman Stewart, Mr. Marquis indicated that rates have gone down, allowing the County to increase its coverage at a cost below last year's premiums.

Vote - 7-0
