**Terms and Conditions**

Failure to comply with the special remarks and condition(s) may result in a draw down restriction being placed on your Payment Management System account or denial of future funding.

**Grant Specific Term(s)**

1. The purpose of the FY 2014 Health Center Outreach and Enrollment Assistance one-time supplemental funding is to provide support to health centers to meet increased demand for enrollment assistance through March 2014. This one-time supplemental funding will support immediate health center needs, consistent with the intent of and allowable costs outlined in FY 2013 Health Center Outreach and Enrollment Assistance Supplemental Funding. Any ongoing expenditures initially supported by these one-time funds beyond FY 2014 must sustain with other resources.

Health centers must use these funds to increase their current outreach and enrollment assistance capacity. This may be accomplished by expanding the hours of existing outreach and enrollment assistance workers, hiring new or temporary outreach and enrollment assistance workers, and/or other allowable activities and costs consistent with the FY 2013 outreach and enrollment supplemental guidance (expected within 30 days of award). Health centers should also collaborate with other health centers and organizations in their service area to ensure that outreach and enrollment assistance activities are coordinated with other local, regional, and/or state-wide outreach and enrollment assistance efforts and training requirements.

Health center outreach and enrollment assistance workers supported by this funding opportunity must:

- Demonstrate and maintain expertise in: eligibility and enrollment rules and procedures; the range of qualified health plan options and insurance affordability programs; the needs of underserved and vulnerable populations; and privacy and security standards.
- Comply with and successfully complete all required and applicable federal and/or state consumer assistance training, as is required for all assistance personnel carrying out consumer assistance functions.

All Outreach and Enrollment supplemental funds are to be used to support new outreach and enrollment capacity and not supplant existing resources.

Health centers will be required to report additional activities supported through this one-time supplemental via the Health Center Program Outreach and Enrollment Quarterly Progress Report (QPR) to be submitted through the HRSA Electronic Handbook (EHB) in January 2014, April 2014, July 2014, and October 2014. HRSA will provide additional guidance regarding specific requirements and deadlines through separate resources that will be available at http://bphc.hrsa.gov/outreachandenrollment/.

All prior terms and conditions remain in effect unless specifically removed.

Failure to comply with the special remarks and condition(s) may result in a draw down restriction being placed on your Payment Management System account or denial of future funding.

Grant Specific Term(s)

1. The grant condition stated below on NoA 5 H80CS00024-13-00 is hereby lifted

Submit a revised SF 424A, Line Item Budget, and Budget Narrative Justification for the Federal award of $458,927.00. The Federal amount refers to only the Federal section 330 Health Center Program grant funding for this award, not all Federal grant funding that an applicant receives. Also include the budget breakdown for non-Federal resources. (Refer to budget requirements in the Service Area Funding Opportunity Announcement or Budget Period Renewal Non-Competing Continuation guidance for budget format.)

The budget justification must detail the costs of each line item within each object class category. For the Personnel line item, you must include the following for each employee supported by funds from this award: name of employee; base salary; % FTE on the grant; and amount of Federal funds (wages and % of fringe benefits) to be paid for the budget year. This personnel information requirement also applies to subawards/subcontracts supported by Federal funds from this grant.

Federal grant funds may not be used to pay the salary of an individual at a rate in excess of Federal Executive Level II of the Federal Executive Pay scale (currently $179,700). This amount reflects an individual's base salary exclusive of fringe benefits and income that an individual may be permitted to earn outside of the duties to the applicant organization (i.e., rate limitation only limits the amount that may be awarded and charged to HRSA grants.)

All prior terms and conditions remain in effect unless specifically removed.

HRSA Electronic Handbooks (EHBs) Registration Requirements

The Project Director of the grant (listed on this NoA) and the Authorizing Official of the grantee organization are required to register (if not already registered) within HRSA’s Electronic Handbooks (EHBs). Registration within HRSA EHBs is required only once for each user for each organization they represent. To complete the registration quickly and efficiently we recommend that you note the 10-digit grant number from box 4B of this NoA. After you have completed the initial registration steps (i.e., created an individual account and associated it with the correct grantee organization record), be sure to add this grant to your portfolio. This registration in HRSA EHBs is required for submission of noncompeting continuation applications. In addition, you may also use HRSA EHBs to perform other activities such as updating addresses, updating email addresses and submitting certain deliverables electronically. Visit https://grants.hrsa.gov/webextenal/login.asp to use the system. Additional help is available online and/or from the HRSA Call Center at 877-Go4-HRSA/877-464-4772.

Terms and Conditions

Failure to comply with the special remarks and condition(s) may result in a drawdown restriction being placed on your Payment Management System account or denial of future funding.

Grant Specific Term(s)

1. This action completes funding of the FY 2014 budget period at the grantee’s current target funding level.
2. FY 2014 outreach and enrollment (O/E) funding has been provided to support continued O/E assistance activities funded initially in FY 2013. The grantee will be required to continue to report on O/E progress via a quarterly progress report (QPR) to be submitted through the HRSA Electronic Handbook (EHB). HRSA will provide additional guidance regarding future funding and reporting requirements.
3. Health centers are expected to recognize any same-sex marriage legally entered into in a U.S. jurisdiction that recognizes their marriage, including one of the 50 states, the District of Columbia, or a U.S. territory, or in a foreign country so long as that marriage would also be recognized by a U.S. jurisdiction. This applies regardless of whether or not the couple lives in a jurisdiction that recognizes same-sex marriage. However, this does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage. Accordingly, health centers must review and revise, as needed, internal health center policies and procedures that include references to familial relationships, such as “spouse,” “husband,” “wife,” “marriage,” or other terms related to the recognition of a marriage and/or family, to reflect this recognition. In addition, HRSA will apply pertinent Health Center Program requirements, including those relating to sliding fee scale and conflict of interest, consistent with this interpretation.

Reporting Requirement(s)

1. Due Date: Annually (Calendar Year) Beginning: 01/01/2015 Ending: 12/31/2015, due 75 days after end of reporting period.

The Uniform Data System (UDS) is a core set of information appropriate for reviewing the operation and performance of health centers. The UDS tracks a variety of information, including patient demographics, services provided, staffing, clinical indicators, utilization rates, costs, and revenues. It is reviewed to ensure compliance with legislative and regulatory requirements, improve health center performance and operation, and report overall program accomplishments. The data help to identify trends over time, enabling HRSA to establish or expand targeted programs and identify effective services and interventions to improve the health of underserved communities and vulnerable populations.

UDS data are compared with national data to review differences between the U.S. population at large and those individuals and families who rely on the health care safety net for primary care. UDS data also inform Health Center Programs, partners, and communities about the patients served by health centers. Health centers must report annually in the first quarter of the year. The UDS submission deadline is February 15 every year. Please consult the Program Office for additional instructions. Reporting technical assistance can be found at http://bhpr.hrsa.gov/healthcenterdata/statistics/reporting/index.html.

Failure to comply with these reporting requirements will result in deferral or additional restrictions of future funding decisions. All prior terms and conditions remain in effect unless specifically removed.

Terms and Conditions

Failure to comply with the special remarks and condition(s) may result in a draw down restriction being placed on your Payment Management System account or denial of future funding.

Grant Specific Term(s)

1. This Notice of Award (NoA) provides funds for an increase to the grantee's annual ongoing base funding in accordance with statutory requirements and, as appropriate, continued recognition as a patient center medical home for its site(s). The increase in annual base funding has been added to the OTHER Category within the Federal Object Class Budget Category breakdown as reflected on the NoA. Health centers may reallocate these federal funds as appropriate for their budgetary needs. Prior approval is required from HRSA ONLY when proposing to shift federal funds among object class budget categories in amounts that exceed the specified threshold prescribed in 45 CFR 74.25. In addition, health centers are reminded of the requirement to track expenditures of federal funds and should consult Policy Information Notice (PIN) 2013-01: Health Center Budgeting and Accounting Requirements for further guidance. All prior terms and conditions remain in effect unless specifically removed.

HRSA Electronic Handbooks (EHBs) Registration Requirements

The Project Director of the grant (listed on this NoA) and the Authorizing Official of the grantee organization are required to register (if not already registered) within HRSA's Electronic Handbooks (EHBs). Registration within HRSA EHBs is required only once for each user for each organization they represent. To complete the registration quickly and efficiently we recommend that you note the 10-digit grant number from box 4b of this NoA. After you have completed the initial registration steps (i.e., created an individual account and associated it with the correct grantee organization record), be sure to add this grant to your portfolio. This registration in HRSA EHBs is required for submission of noncompeting continuation applications. In addition, you can also use HRSA EHBs to perform other activities such as updating addresses, updating email addresses and submitting certain deliverables electronically. Visit https://grants.hrsa.gov/webexternal/login.asp to use the system. Additional help is available online and/or from the HRSA Call Center at 877-Go4-HRSA/877-464-4772.
