Recommended Action:

I RECOMMEND THE BOARD OF COUNTY COMMISSIONERS (BOARD), AFTER RECEIVING PUBLIC COMMENT, ADOPT THE PROPOSED AMENDMENTS TO CHAPTER 14 OF THE PINELLAS COUNTY CODE RELATING TO ANIMAL SERVICES, ADOPTING RULES APPLICABLE TO COMMUNITY CATS AND PROVIDING FOR A PILOT PROGRAM ALLOWING FOR THE TRAP/NEUTER/VACCINATE/RETURN (TNVR) OF COMMUNITY CATS.

Summary Explanation/Background:

On October 7, 2014, the Board granted authority to advertise and schedule a public hearing on the attached proposed ordinance on October 21, 2014.

The Board discussed Trap/Neuter/Vaccinate/Return (TNVR) for cats at the September 10, 2013 Work Session. At that time the Board asked staff to work with interested stakeholders in developing a pilot program and bring forward proposed ordinance changes to support the effort.

At the August 19, 2014 Board meeting, the Board asked staff to simplify the pilot structure as much as possible while still maintaining appropriate standards to protect public safety, public health and animal welfare. The proposed ordinance outlines the responsibilities for a person providing care to a "community cat", including food and water. It also establishes an opportunity for organizations to work with the County to create programs to control and reduce feral and free-roaming cat populations on a countywide basis and educate the community on best practices for management of individual colonies.

Significant value was provided by working closely with the Managing and Ending Overpopulation Wisely (MEOW) Now Board, comprised of citizen advocates, SPCA Tampa Bay and Humane Society of Pinellas representatives. The MEOW Now Board has expressed support for the proposed ordinance changes.

If approved, the ordinance creating Section 14-37 will sunset on January 1, 2018 unless reviewed and saved from repeal by ordinance of the Board.

During the pilot period, Animal Services department staff will use the following metrics to assess the impact of the pilot program:

1. Number of cat nuisance complaints (Source – Pinellas County Animal Services)
2. Cat live intake statistics (Source – Pinellas County Animal Services)
3. Cat bites with recommended post-exposure and prophylactic treatment (Source - Pinellas County Health Department)
4. Number of colony and community cats in targeted area(s) reduced/stabilized (Source – MEOW Now)
5. Other scientific and/or applicable information as appropriate.

- (c) If a Community Cat is impounded, it shall be held for at least seven (7) days including the day of impoundment. A caregiver may redeem a Community Cat within the holding period upon paying the fees and costs as established by the department in accordance with the requirements of this code. The first time a Community Cat is impounded, the Community Cat shall be microchipped and vaccinated for rabies in accordance with applicable law.
- (d) The following minimum standards and requirements shall apply to anyone providing care to a Community Cat:

1. All Community Cat locations must be maintained on the private property of the caregiver or on property belonging to another landowner with the landowner's permission. Water must be provided and must be clean, potable, and free from debris and algae. Any person caring for a Community Cat must comply with applicable law, including laws governing animal neglect and cruelty, and the caregiver must not allow a Community Cat to suffer.
- (e) Any organization desiring to conduct a county-wide or targeted TNVR program ("TNVR Program") shall submit a proposal for the review of the Director, who shall have the authority to approve or deny such proposal. Any TNVR Program shall consist of an effort to control and reduce feral and free-roaming cat populations in Pinellas County by establishing and responsibly managing Community Cat populations in accordance with the requirements of this code and applicable law. If approved, the organization may conduct a TNVR Program in accordance with the requirements of this code, other applicable law, and the terms of their proposal. Any training provided as part of an approved TNVR Program should include training on (i) educating other citizens about Community Cats, (ii) maintaining a relationship with a veterinary provider to best address Community Cat needs, (iii) proper care and common diseases, including procedures for monitoring and managing zoonotic diseases and other infections in Community Cats, and (iv) best practices for management of individual Community Cats or colonies.
- (f) This ordinance, creating Section 14-37, shall stand repealed and shall be of no further force or effect on January 1, 2018, unless reviewed and saved from repeal by ordinance of the board of county commissioners.

Sec.s 14-38 - 14-45.-Reserved.

In the event that any court having jurisdiction over any case arising under this section determines that any subsection or other provision of this section is invalid for any reason, the remaining subsections or other provisions shall continue to be in full force and effect, and towards that end the Board of County Commissioners declares this section and its subsections and other provisions to be severable.

Section 3. Codification.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Pinellas County Code; and that the sections of this Ordinance may be renumbered or re-lettered to conform to the uniform system of the Code, and the word "ordinance" may be changed to "section", "article", or such other appropriate word or phrase in order to accomplish such intentions.
