A motion was made that would allow full discussion of the Countywide Plan Update at the February 2nd PAC meeting, with the intent of holding a public hearing in March.

Linda Fisher outlined the various updates since the last PAC meeting and noted that the most significant were to the Vision Map, which will continue to be updated as more comments are received. At the December PPC meeting, the Board indicated that a more future-oriented direction to this map was desired. It was also noted that the names of four residential categories had been changed to Residential Very Low, Residential Low, Residential Medium and Residential High and that staff is continuing to address comments as they are received. PAC members were requested to submit their final comments in two weeks so that the changes to the Countywide Plan could be voted on at the February 2nd PAC meeting.
