Fiscal Year 2016 (FY16) Schedule of Fees for Non-Proprietary and Enterprise Departments, and the Florida Department of Health in Pinellas effective October 1, 2015.

**Department:**

Office of Management & Budget

**Staff Member Responsible:**

Katherine Burbridge, Sr. Financial Management and Budget Analyst

**Recommended Action:**

I RECOMMEND THE BOARD OF COUNTY COMMISSIONERS (BOARD) ADOPT THE RESOLUTION SETTING USER FEES FOR SERVICES TO BE RENDERED BY NON-PROPRIETARY DEPARTMENTS, ENTERPRISE DEPARTMENTS, AND THE FLORIDA DEPARTMENT OF HEALTH IN PINELLAS DURING THE FISCAL YEAR 2016.

**Summary Explanation/Background:**

As part of the development of the FY16 Proposed Budget, departments were asked to review their fees for opportunities to recover both direct and indirect (i.e. overhead) costs while remaining competitive with other public/private service providers. Except for three fee changes described below, the attached FY16 User Fee Schedule is consistent with information provided during the Budget Information Session on June 9, 2015, and with the Summary of User Fee Changes included in the FY16 Proposed Budget presented to the Board on July 21, 2015.

Fee changes, including new fees, proposed in FY16 are estimated to generate an additional \$61,940 in General Fund revenue. Of this total, the new fees associated with the Animal Services Department and the Parks and Conservation Resources Department (PCR) result in increased revenue of \$34,480 and \$8,000, respectively. In addition, Animal Services and the Real Estate Management Department are proposing changes to their existing fees that are estimated to increase revenue \$8,210 and \$11,250, respectively.

Animal Services' proposed new fees recoup the cost of necessary medical therapy for pets while providing a lower fee for minimal treatment for reclaimed pets, incentivize pet owners to pay license fees on time, and provide a six (6) month supply of preventive medication for owners of newly adopted pets. The department's cremation function requires a slight increase in the existing fee to offset actual costs. PCR requested new fees that provide an alternative to the annual parking pass; a six-month parking pass that may appeal to part-time residents, senior citizens, and military patrons. The Real Estate Management Department requested increases to their existing fees for a Petition to Vacate and a Release of Property Interest to offset the costs of providing these services.

Fee changes are estimated to generate an additional \$10,550 in revenue for other funds excluding the Florida Department of Health in Pinellas. The Building Services Department requests to reduce the current fee for a specific type of shed permit, based on a decrease in the number of inspections required. The department also proposes a new fee to offset the cost of County staff who participate in Board of Adjustment or other meetings and hearings on behalf of communities who contract with Building Services. This fee is consistent with an interlocal agreement established with Belleair Beach on May 19, 2015. The Building Services Fund revenue impact of these two fees is expected to be minimal.

The Safety and Emergency Services Department's Sunstar Transports and Services changes are estimated to generate an additional \$13,500 in revenue for the Emergency Medical Services Fund. This increased revenue is based on the application of the Medical Consumer Price Index, a 2.64% increase. These fees are set in accordance with Section 54-64 of the Pinellas County Code and are adjusted accordingly. The proposed fee increase for the Sunstar Ambulance Membership Program is required to comply with federal regulations which specify that revenue generated must equal or exceed costs of the program. The Family Membership fee will increase by \$2.45, to \$95.43; and the Single Membership fee will increase by \$1.58, to \$61.34. The FY16 projected revenue increase for the Membership Program is \$13,500.

There are three fee changes that were not included in the FY16 Proposed Budget Summary of User Fee Changes presented on July 21, 2015 which affect Parks and Conservation Resources, Building Services and the Airport. Parks and Conservation Resources requested a raise to the current cap of the parking fee for beach access parks. The current cap is \$1.50 per hour and the proposed cap is \$2.00 per hour, a 33% increase. This higher limit will allow flexibility to increase the parking fee at a future date if market conditions and circumstances warrant. At this time, the current fee is unchanged so there is no anticipated impact to revenues.

This year's legislative action resulted in changes to Florida Statutes Section 553.793(4). This section sets the cost of standalone low-voltage alarm systems at \$40. Thereby, the current Building Services Department user fee for this permit is reduced from \$55.00 to \$40.00. The estimated impact is a decrease of \$2,250.

On June 23, 2015 the Board approved Resolution 15-56 which restructured and increased parking fees for St. Pete-Clearwater International Airport. The parking fees structures for the short-term, long-term, and remote lots were modified. In addition, the Minimum Daily Rate for short-term was increased from \$11.00 to \$14.00 to discourage use by individuals that should be using long-term parking. Other parking lot user fees were added to the schedule for the anticipated Overflow Remote Parking Lot and Cell Phone Lot (free). Leased parking by tenants remained unchanged. Since the parking rate fee changes were put in place to modify patrons' parking behavior, the revenue impact is estimated to be minimal.

The Florida Department of Health in Pinellas requested no changes to their current fees for FY16.

The attached user fee schedule does not include wholesale and retail sewer and water rates or reclaimed water rates as they were set by a multi-year rate plan approved by the Board on May 19, 2015, Resolution 15-43. Surface water assessment rates will be brought forward for adoption by resolution on September 10, 2015.

#### **Fiscal Impact/Cost/Revenue Summary:**

The proposed fee changes in FY16 are estimated to generate an additional \$61,940 in General Fund revenue. The total anticipated General Fund revenue for FY16 from non-proprietary user fees is approximately \$9.5M. This is a 2.1% increase from the FY15 Revised Budget General Fund revenue.

The proposed fee changes in FY16 are estimated to generate an additional \$10,550 in revenue for other funds excluding the Florida Department of Health in Pinellas. The Florida Department of Health in Pinellas expects no fiscal impact due to fees.
