PINELLAS COUNTY CONSTRUCTION LICENSING BOARD

*State Certified: When a State Certified Contractor's registration is suspended due to an Administrative Complaint, all fees must be paid including a reinstatement fee prior to license reinstatement. However, when a State Certified Contractor's license is expired, inactive or pending (for reasons other than an administrative complaint) the reinstatement fee is waived.

Justification: State Certified Contractors may or may not be working in Pinellas County therefore wouldn't necessarily maintain proof of insurance coverage with PCCLB.

Licenses are closed after two years of an expired or suspended status.

Renewal Fee current fee plus all fees in arrears, plus new application, credit report, referred to examining committee for review. (Possible reexamination required)

(\$50.00, \$35.00 if applicable)(Possible application and/or reexamination)

(Added to renewal or reinstatement plus proof of current exemption, workers' compensation and general insurance coverage)
