

Enterprise Geographic Information Systems Update

Presented to

Business Technology Services Board

Presented by

David James

Business Technology Services

July 21st , 2011

EGIS Objectives

- Establish Enterprise Governance Committee
 - Include representatives from key GIS stake holders
- Establish an enterprise GIS data services bureau
 - Provide support for critical GIS data maintenance activities
- Upgrade and consolidate GIS technology platforms
- Acquire County wide aerial imagery library
- Execute EGIS Benchmark
- Develop EGIS Strategic Plan

EGIS Committee

Chairperson: Pam Dubov

Members:

Rick Becker – Supervisor of Elections

Kevin Becotte – DEI/Utilities

Captain Jim Main – Sheriff

Pete Yauch – DEI/Public Works

Vacancy County Administrators Office

EGIS Bureau

- Comprised of GIS Analysts from the Property Appraisers office and BTS.
- Focus on maintenance of critical GIS data sets that support key Enterprise operations.
- Providing GIS data services to organizations that no longer have dedicated GIS resources

GIS Technology Consolidation

- Elimination of all duplicate or redundant technology
- Upgrade critical GIS services to most recent software releases
- Implement a more resilient hardware EGIS infrastructure
- Negotiate a consolidated Enterprise Software License

Aerial Imagery

- Acquired County Wide aerial imagery
 - HD Ortho images
 - HD Oblique images
- Licensing extends to municipalities and other agencies

Example Images

Ortho Image

Oblique Image

EGIS Benchmark

- Assessment of the latest versions of ESRI's GIS for Local Government solutions
- Migrate County data into new solutions
- Train EGIS Bureau staff
- Implement and test vendor supported data maintenance workflows
- Implement and test sample web and mobile GIS Apps
- Develop EGIS Strategic Plan
