

STREET LIGHTING DISTRICTS

Street Lighting services for property owners in unincorporated areas of Pinellas County are provided through these districts. Street Lighting Districts are created in the unincorporated areas of Pinellas County when 60% or more of the affected property owners in a given area petition the Board of County Commissioners to form a district. All lighting services within the districts are provided by Florida Power Corporation. All property owners in these districts are assessed annually based on their pro-rata share of the costs of operation and maintenance.

Department Expenditures By Cost Center	FY04 Actual	FY05 Budget	FY06 Request
