Government Organization Chart

A DESCRIPTION OF PINELLAS COUNTY GOVERNMENT

Pinellas County was established in 1911 and is located at the approximate midpoint of the west coast of Florida, bounded on the east by Tampa Bay and on the west by the Gulf of Mexico. The County contains a total area of 439 square miles, of which approximately 280 square miles are land and the balance is water area. With a 2005 estimated permanent population of 943,640, Pinellas County ranks sixth in terms of county population. With the second smallest total land area, Pinellas County is the most densely populated county in Florida with 3,368 people per square land mile. There are 24 incorporated municipalities in Pinellas County. St. Petersburg is the largest city in the County with a 2005 estimated population of 253,010. Clearwater, the County seat, is the second largest city, with a 2005 estimated population of 110,325. Approximately 284,306 people reside within unincorporated Pinellas County.

Seven-Member Commission Elected to Govern County

Pinellas County is a political subdivision of the State of Florida. In October 1980, the voters approved a Home Rule Charter for Pinellas County. In accordance with this Charter, the Board of County Commissioners is the legislative body of county government responsible for the formulation of policy. The County Administrator, a professional appointed by the Board, and his staff are responsible for the implementation of those policies. On November 2, 1999, Pinellas County voters changed the composition of the Board from five at large members to a seven member Commission. Four of the members are elected from single member districts and three are elected at large.

Commissioners Serve on Other Boards

The Board of County Commissioners also serves as the Emergency Medical Services Authority, Fire Protection Authority, Mosquito Control District of Pinellas County, Economic Development Authority and the Water and Navigation Authority. Individual Board members serve on various other boards, authorities, and commissions, including: Tampa Bay Regional Planning Council, Tampa Bay Water, Information Technology Board, Metropolitan Planning Organization, Pinellas County Arts Council, Pinellas Suncoast Transit Authority, Election Canvassing

Board, Juvenile Welfare Board, and the Tourist Development Council.

Elected Officials

Elected Officials include the Board of County Commissioners, the Judiciary, the State Attorney, Public Defender and five Constitutional Officers: the Clerk of the Circuit Court, the Property Appraiser, the Sheriff, the Supervisor of Elections, and the Tax Collector. Constitutional Officers are elected to administer a specific function of County government and are directly accountable to the public for its proper operation. The Board funds all or, in some cases, a portion of the operating budgets of the Elected Officials. The Constitutional Officers maintain separate accounting systems and budgets.

Other Government Agencies

Based on the degree of budgetary authority, taxing authority, and reporting and alignments with independent boards/councils, several other governmental entities also have their budget reviewed and approved by the Board of County Commissioners. These independent agencies include: Construction Licensing Board, Information Technology, the Personnel Department and Law Libraries. The budgets of these agencies and the Constitutional Officers, as well as the County portion of support for Courts, are included in this document.

Role of the County Administrator

In 1964, Pinellas was the first Florida County to adopt the Commission/Administrator form of Government. The County Administrator is appointed by the Board of County Commissioners and is responsible for carrying out the directives and policies of the Board.

The County Administrator is also responsible for the management and supervision of all functions and personnel under the Board of County Commissioners in accordance with section 4.01 of the Pinellas County Charter.

INTRODUCTION TO THE EXECUTIVE SUMMARY BUDGET DOCUMENT FOR FY07

The FY07 Executive Summary Budget document presents the reader with summary information of Pinellas County's FY07 Budget. If a reader desires more detailed information, the specific "line-item" information is contained in the FY07 Annual Operating and Capital Budget. The FY07 Executive Summary Budget is divided by a series of tabs, with each tab representing a major functional or organizational division in the budget. The first three tabs are the ***Table of Contents***, ***Budget Message***, and ***Summaries***. The Budget Message offers a transmittal letter from the County Administrator to the Board of County Commissioners presenting the budget document. The ***Summaries*** tab contains a series of charts and tables that present the budget document in an aggregated fashion together with various economic and population trend data for Pinellas County.

The balance of the document, with the exception of the ***Capital***, ***Fund Resources***, and ***Glossary*** tabs, is presented utilizing a standard format. This format was designed to present both budgetary, as well as, performance or workload measures related information in a clear, concise manner. Please note that not all sections of a page may appear for a particular department or agency due to the nature of that particular budget. The sections for each page are as follows:

I.) Description: This narrative provides a brief overview of the department or agencies overall mission.

II.) Goals & Objectives: This section

lists anticipated departmental or agency highlights for the coming fiscal year.

III.) Balanced Scorecard Performance Measures: If available, outcome-based performance measures are presented here. Please see the "Performance Management" exhibit in the Glossary and Appendix section for an explanation of the County's measurement initiative.

IV.) Explanatory Notes: Clarification of information in the Performance Measures section is presented here if applicable.

V.) Operating Budget Comparison: The section appearing on all pages presents the major object code budgets and number of permanent full time positions for FY06 and FY07. The major object codes that may be listed are:

Personal Services - Includes salaries, overtime, and benefits.

Operating Expenses - Expenses that are intended to benefit the current fiscal year; includes such things as professional services, travel and per diem, communications, printing, repair and maintenance, office supplies.

Capital Outlay - Fixed assets, includes machinery and equipment, office furnishings, vehicle and heavy equipment.

Debt Service - Principal and interest for outstanding bonds.

Grants and Aids - Includes all grants,

subsidies, and contributions to other government agencies and private organizations.

Transfers - Includes all transfers between funds which do not represent operating expenditures. All transfers, except the payments to the Constitutional Officers, are netted from the total budget when presenting bottom-line figures. Transfers are used to account for movement of monies from one department or fund to another department or fund. A full listing of transfers is contained in the summary section.

Pro-Rate Clearing Accounts - A mechanism to allocate or pro-rate costs to the cost center where the cost were actually incurred. An example of this occurs between the Fire Administration and individual Fire District budgets.

Reserves - Includes reserves for contingencies and fund balance.

Permanent Full Time Positions – Compares the revised number of authorized positions for FY06 with the budgeted number of positions for FY07. Does not include part-time or temporary personnel.

VI.) Analysis: Where applicable, this section compares the FY07 Budget with the revised FY06 Budget and describes major expenditure changes and program impacts.

VII.) Work Load Measures: This section lists associated workload measures for the program if balanced scorecard measures are not presented above. Workload measures provided encompass Fiscal Year 2005 actuals and estimates for Fiscal Year 2006 and 2007.

The **Capital** section presents the six year

capital improvements program (CIP). The individual capital projects are grouped by functional area (public safety, transportation, etc...).

The **Fund Resources** section presents information on the various types of County funds and how they relate to the departmental budgets. Detailed information on the General Fund is also included.

The **Glossary and Appendix** section provides additional reference material on topics related to budget preparation, performance management, and some technical terms used in the budget documents. An index of department and fund information is also included.

PINELLAS COUNTY BUDGET FY07 \$1,927,159,030

ECONOMIC TRENDS & MAJOR REVENUES

The following section briefly discusses the economic trends, major revenue statistics, and graphics that appear after this narrative section.

Population: Unincorporated and Incorporated: Pinellas County's estimated 2005 population of 943,640 represents a 6.2% increase over the 1996 population of 888,613. During this time, the unincorporated area increased 2.2% versus 8.0% in the incorporated area. From 2004 to 2005, the unincorporated area of the County decreased an estimated 0.2% from 284,932 to 284,306. During the same period, the incorporated area increased by 0.7% from 654,932 to 659,334. The unincorporated area population as a percentage of the total population has decreased from 31.3% in 1996 to 30.1% in 2005. This trend is primarily a result of annexation of the unincorporated area by municipalities.

Number of Visitors — St. Petersburg/Clearwater Area: Tourism is a key indicator to the economic growth and strength of Pinellas County. The number of people visiting Pinellas County in 2005 totaled 5,212,435, a 25.9% increase over the 1996 amount of 4,140,496. Over the same period, the number of foreign visitors decreased by 12.7% from 1,434,692 to 1,251,836, while the number of domestic visitors increased by 46.4% from 2,705,804 to 3,960,599. Within the past three (3) years, the average annual growth rate in domestic visitors has been 4.9% versus a decline of 0.3% annual growth rate for foreign visitors. In 2005, the annual growth for all visitors increased 2.9%.

Unemployment Statistics: Pinellas County's unemployment rate has remained lower than the State of Florida and the United States for the period 1996 to 2005. The County's unemployment rate in 2005 was 3.8%, while Florida's was 3.8% and the United States' was 5.1%.

Total Labor Force: The labor force has grown from 454,523 in 1996 to 477,560 in 2005, resulting in a 5.1% increase over the ten-year period and an average annual increase of 0.6%. An increase of 12,759 or 2.7% occurred in the labor force in 2005.

Housing Units Permitted: In 2004, housing units permitted in Pinellas County totaled 3,637, an increase of 2.7% over the 2003 amount of 3,543. The majority of permitting activity has occurred in the incorporated area of the County (87.0%) versus the activity in the unincorporated area (13.0%). In 2004, permitting activity in the incorporated area increased by 484 permits reaching a total of 3,166, which represented an 18.0% increase over 2003. Activity in the unincorporated area during 2004 totaled 471, a decrease of 390 permits or 45.3%.

Taxable Sales: Taxable sales in Pinellas County equaled \$14.3 billion in 2005, an increase of 11.4% over 2004. Between 2001 and 2005, taxable sales increased at an annual average rate of approximately 3.8%. This increase is less than the average annual taxable sales growth rate of 6.4% experienced during the preceding five-year period (1996 to 2000).

For all of the graphics and charts relating to the County's taxable value, the data is presented on a budget year basis. Therefore, the data reflects actual activity occurring through December 31 of the preceding year. However, the 2006 County taxable value is the official estimate from the Pinellas County Property Appraiser.

Taxable Value: County-wide (including new construction): The county-wide taxable value has grown from \$33.2 billion in 1998 to an estimated \$75.6 billion for 2007, an increase of 127.5%. The estimated increase of 20.3% between 2005 and 2006 is higher than the ten-year average annual trend of 9.0%.

Taxable Value: County-wide New Construction: The 2007 estimated new construction value of \$968.5 million represents an increase of 8.0% over the 2006 amount of \$896.9 million. New construction, as a percentage of overall taxable value, has increased slightly over the past ten (10) years from 1.1% in 1998 to 1.3% for 2006, with a low of 1.1% in 1998.

Taxable Value: MSTU (including new construction): Taxable value has increased in the unincorporated area of the County from \$10.7 billion in 1998 to an estimate of \$19.4 billion in 2007, an increase of 81.7%. The unincorporated taxable value as a percentage of the total county tax base has decreased from 32.2% in 1998 to 25.7% for 2007.

Taxable Value MSTU New Construction: Unincorporated area new construction shows a decrease of 0.6% between the 2006 value of \$191.3 million and the 2007 value of \$190.2 million.

County-wide Aggregate Property Tax Rate:

The proposed 2007 county-wide property tax rate of 6.100 mills is .701 mills lower than the 2006 adopted rate. This aggregate millage rate includes the following: General Fund, 5.340; Mosquito Control, 0.060; Health, 0.070; and Emergency Medical Services (EMS), 0.630. Please note that all of the millage rates, with the exception of EMS, are levied on all taxable property. The EMS millage is levied on only real property. The taxable value estimate for all taxable property is \$75.6 billion versus the real property estimate of \$71.2 billion.

County-wide Property Tax Collections:

County-wide property tax collections have increased annually from 1998 to 2005. The 2006 projected receipts and the 2007 estimated receipts continue to reflect annual increases in property tax collections. The collections are a direct result of the county-wide aggregate millage rate and the county-wide taxable value.

MSTU Property Tax Rate: The proposed 2007 MSTU property tax rate of 2.356 mills reflects the same millage rate adopted during 2006.

MSTU Property Tax Collections: The MSTU property collections are a direct result of the MSTU property tax rate and the MSTU taxable value. The MSTU property tax collections are used to fund a variety of services benefiting only the unincorporated area of the County.

Penny for Pinellas - County Share: The Penny for Pinellas (Local Infrastructure Sales Tax) was established as a result of a county-wide referendum in November 1989, and was extended until 2010 by a referendum passed in March 1997. The surtax is a one (1) percent levy on sales up to \$5,000. Of the tax revenue through January 2000, \$80 million was earmarked for court improvements at the Pinellas County Criminal Courts Complex. Of the tax revenue from February 2000 through January 2010, \$80 million is earmarked for jail facility and related improvements. The remaining sales tax revenue is divided between the County's 24 municipalities and the County, pursuant to an interlocal agreement. The chart reflects the County's share including the court and jail allocations. Since 1998, the county's portion has increased from \$55.7 million to a total of \$75.7 million received in 2005. This represents a 35.8% increase. For the past three (3) completed fiscal years (2003-2005), receipts have increased at an annual average rate of 5.3%. The 2006 and 2007 projected receipts reflect an increase of 3.0% and 4.0% respectively.

Local Option Gas Tax: In accordance with Section 336.025(7) Florida Statutes, Pinellas County levies a six (6) cents per gallon tax on motor fuel sold. The tax is in effect through August 31, 2007. Pursuant to an interlocal agreement, the County retains 75% of the proceeds from the local option gas tax and the remaining 25% is allocated to the municipalities within the County. The chart reflects the County share of the proceeds. The County uses the proceeds to fund the debt service requirements of the Transportation

Improvement Bonds, Series 1993A, 1994 and 1998, the operating and maintenance of the County's road inventory, and transportation capital projects.

1/2 Cents Sales Tax: The State of Florida levies a sales tax of six (6) percent on the purchase of consumer goods, with a variety of exemptions for non-prepared food items, prescription drugs, services, etc. The state returns 9.653 percent to the locality where the allocation to the county and municipalities is determined by a state-mandated distribution formula, which considers taxable sales and population. The chart reflects the County share of the proceeds. Pinellas County uses this revenue in support of general fund operations. From 1998 to 2007, receipts increased from \$32.6 million to \$41.9 million or 28.4%.

State Revenue Sharing: The State Revenue Sharing Act of 1972 established trust funds for certain State-levied tax monies to be shared with counties and municipalities. The Revenue Sharing Trust Fund is now funded by a portion of sales tax collection, as a result of action taken during the 2000 State legislative session. Prior to FY2001, the major sources of these funds were cigarette taxes and intangible personal property taxes. The State formula for distribution is now based upon population and sales tax collections. The chart reflects the County share of the proceeds. Pinellas County is projected to receive \$18.0 million in State-shared revenues in FY2006 and \$17.6 million in FY2007. Pinellas County uses this revenue in support of general fund operations.

Tourist Development Tax: The County imposes a Local Option Resort/Tourist Tax, also known as the Tourist Development Tax of four (4) percent on most rents, leases, or lets which have been contracted for periods of six (6) months or less, or living accommodations in hotels, motels, apartment houses, rooming houses, and mobile home parks. In FY 1988, the Tourist Development Tax was increased from the initial two (2) percent to three (3) percent to provide additional revenue for tourist development activity. Of this, one-half (1/2) of the additional one (1) percent is earmarked for the Pinellas County Beach Renourishment program. In FY 1996 (effective January 1, 1996), the tax was increased from three (3) percent to four (4) percent. The fourth cent is restricted to debt service on the City of St. Petersburg's Excise Tax Bond, Series 1993, in accordance with the provisions of Section 125.0104(3)(1), Florida Statutes. The imposition of the fourth cent provided for the release of proceeds to provide additional revenue for increased promotional activity and beach re-nourishment. In FY06, (effective December 1, 2005) the tax was increased from four (4) percent to five (5) percent. The fifth cent is exclusively for promoting and advertising tourism internationally, nationally, and in the State of Florida.

From 1998 to 2005, tourist development tax revenue increased from \$15.2 million to \$18.6 million or an average annual increase of 3.0%.

General Fund Beginning Fund Balance: This resource reflects the amount of carry forward revenue the County has at the beginning of each fiscal year in the General Fund. This fund balance is used as working capital until other revenue sources are available.
