A DESCRIPTION OF PINELLAS COUNTY GOVERNMENT

Pinellas County was established in 1911 and is located at the approximate midpoint of the west coast of Florida, bounded on the east by Tampa Bay and on the west by the Gulf of Mexico. The County contains a total area of 439 square miles, of which approximately 280 square miles are land and the balance is water area. With a 2008 estimated permanent population of 938,461, Pinellas County ranks sixth in terms of county population. With the second smallest total land area, Pinellas County is the most densely populated county in Florida with 3,352 people per square land mile. There are 24 incorporated municipalities in Pinellas County. St. Petersburg is the largest city in the County with a 2008 estimated population of 251,459. Clearwater, the County seat, is the second largest city, with a 2008 estimated population of 110,251. Approximately 273,608 people reside within unincorporated Pinellas County.

Seven-Member Commission Elected to Govern County

Pinellas County is a political subdivision of the State of Florida. In October 1980, the voters approved a Home Rule Charter for Pinellas County. In accordance with this Charter, the Board of County Commissioners is the legislative body of county government responsible for the formulation of policy. The County Administrator, a professional appointed by the Board, and his staff are responsible for the implementation of those policies. On November 2, 1999, Pinellas County voters changed the composition of the Board from five at large members to a seven member Commission. Four of the members are elected from single member districts and three are elected at large.

Commissioners Serve on Other Boards

The Board of County Commissioners also serves as the Emergency Medical Services Authority, Fire Protection Authority, Economic Development Authority and the Water and Navigation Authority. Individual Board members serve on various other boards, authorities, and commissions, including: Tampa Bay Regional Planning Council, Tampa Bay Water, Business Technology Services Board, Metropolitan Planning Organization, Pinellas

County Cultural Council, Pinellas Suncoast Transit Authority, Election Canvassing Board, Juvenile Welfare Board, and the Tourist Development Council.

Elected Officials

Elected Officials include the Board of County Commissioners, the Judiciary, the State Attorney, Public Defender and five Constitutional Officers: the Clerk of the Circuit Court, the Property Appraiser, the Sheriff, the Supervisor of Elections, and the Tax Collector. Constitutional Officers are elected to administer a specific function of County government and are directly accountable to the public for its proper operation. The Board funds all or, in some cases, a portion of the operating budgets of the Elected Officials. The Constitutional Officers maintain separate accounting systems and budgets.

Other Government Agencies

Based on the degree of budgetary authority, taxing authority, and reporting and alignments with independent boards/councils, several other governmental entities also have their budget reviewed and approved by the Board of County Commissioners. These independent agencies include: Business Technology Services, Construction Licensing Board, Human Resources, and the Office of Human Rights. The budgets of these agencies and the Constitutional Officers, as well as the County portion of support for Courts, are included in this document.

Role of the County Administrator

In 1964, Pinellas was the first Florida County to adopt the Commission/Administrator form of Government. The County Administrator is appointed by the Board of County Commissioners and is responsible for carrying out the directives and policies of the Board.

The County Administrator is also responsible for the management and supervision of all functions and personnel under the Board of County Commissioners in accordance with section 4.01 of the Pinellas County Charter.

INTRODUCTION TO THE COUNTY BUDGET DOCUMENT FOR FY10

The Pinellas County FY10 Annual Operating and Capital Budget document is designed in a user-friendly fashion. The book is divided by a series of tabs, with each tab representing a major functional or organizational division in the budget. The first three tabs are the ***Table of Contents***, ***Budget Message***, and ***Summaries***. The Budget Message includes a transmittal letter from the County Administrator to the Board of County Commissioners presenting the Budget Document. The Summaries section contains a series of charts and tables that present the budget in an aggregated fashion together with various economic and population trend data for Pinellas County. For those users of the document requiring only a high level overview, these two sections will provide sufficient information.

The next series of three tabs contain budgets based on organizational responsibility with dividers for sub-sections. The tabs and sub-sections are as follows:

Board of County Commissioners

Board of County Commissioners Department

County Attorney

County Administrator Departments

County Administrator – Public Works

County Administrator – Enterprise Funds

Constitutional Officers

Others

Court Support

Independent Agencies

Support Funding

The next two tabs, ***Debt Service***, and ***Capital***, provide those budgets whose funding and appropriations are typically associated with

the entire organization and not specific to any one entity.

Certain page types may not appear in all sections due to the nature of that particular section. **The label for each page type described below appears in the lower left hand corner of each page.**

1) **Organization Department Summary**

Following each tab is a roll-up of the major departments, agencies or funding types that are contained in that section. This roll-up also serves as a table of contents for the particular section.

- 2) **Department Center Listing** This page type is the summary for each of the individual departments and independent agencies. In order to distinguish the department center listing page from the other page types, this page is printed on gray paper. The page is divided into four sections. The top section consists of a brief narrative describing the department. The next section, Department Expenditures by Cost Center, consists of a listing of all cost centers relating to the particular department. The following section, Department Expenditures by Fund, lists all of the budgetary funds that the preceding cost centers are appropriated and funded within. If more detailed information is desired regarding a particular fund, please see the Fund/Resource section of the document. The last section of the page lists the permanent full time positions for the particular department.

- 3) **Department Account Summary** This page type consists of two major sections: a summary and the account detail. The summary provides a roll-up of all the cost centers within the department at the major object level, the major categories as follows:

Personal Services - Expenses for salaries, wages and related employee benefits provided for all persons, whether full-time, part-time, temporary, or seasonal.

Operating Expenses - Includes expenditures for goods and services, which primarily benefit the current period, and are not defined as personal services or capital outlay.

Capital Outlay - Outlays for the acquisition of or addition to fixed assets.

The account detail section provides a roll-up of all the cost centers within the department at the line item detail (object) level.

- 4) **Fund/Center Account Detail** This page type is the building block of the expenditure budget. Each page contains a brief narrative describing what the cost center represents. Often cost centers are only used for accounting and financial reasons and, therefore, do not have service delivery implications. However, to present a full accounting of the County's budget, all cost centers types are shown. The remaining portion of the page contains a line item detail of all the accounts in the cost center.

The ***Fund/Resources*** tab contains roll-ups of all the funds contained in the budget and a detailed listing of all budgeted resources.

- 1) **Fund/Resource Summary** This page consists of three sections. The first section has a brief narrative

describing the fund's purpose. As is the case with some of the cost centers, some funds have only an accounting or financial purpose and do not fulfill any direct public service. However, to provide a complete picture of the County's budget, all budgeted funds are contained in this document. The second section of the page, the Resource Summary, lists by major revenue category the resources that support the fund. The last section of the page lists those departments with appropriations within the fund.

- 2) **Detailed Resource Estimate** This page lists all resources for the fund at the line item detail (object) level.

A ***glossary*** is provided in an effort to assist readers with understanding budget specific terminology.

ECONOMIC TRENDS & MAJOR REVENUES

The following section briefly discusses the economic trends, major revenue statistics, and graphics that appear after this narrative section.

Population: Unincorporated and Incorporated: Pinellas County's estimated 2008 population of 938,461 represents a 3.7% increase over the 1999 population of 904,585. During this time, the unincorporated population decreased 4.0% versus a 7.3% increase in the incorporated population. From 2007 to 2008 total county population decreased by 0.6%. The unincorporated residents of the County decreased an estimated 1.0% from 276,363 to 273,608. During the same period, the incorporated resident numbers decreased 0.4% from 667,836 to 664,853. The unincorporated population as a percentage of the total population has decreased from 31.5% in 1999 to 29.2% in 2008. This trend is primarily a result of annexation of the unincorporated area by municipalities.

Number of Visitors - St. Petersburg/Clearwater Area: Tourism is a key indicator to the economic growth and strength of Pinellas County. The number of people visiting Pinellas County in 2008 totaled 5,193,980, a 14.4% increase over the 1999 number of 4,542,111. Over the same period, the number of foreign visitors decreased by 7.6% from 1,499,176 to 1,385,316, while the number of domestic visitors increased by 25.2% from 3,042,935 to 3,808,664. Within the past three (3) years, the annual average in domestic visitors decreased by 1.2% versus a 3.6% average annual increase for foreign visitors. The annual average for all visitors decreased 0.1% over the 3 year period.

Unemployment Statistics: Pinellas County's unemployment rates between 1999 and 2002 were lower than both the State of Florida and the United States rates. Since 2002, the County's unemployment rates have been similar to the State of Florida's rates; but consistently lower than the national rates. In 2008, that trend reversed. The County's unemployment rate in 2008 was 6.3%, while Florida's was 6.2% and the United States' was 5.8%.

Total Labor Force: The labor force has declined from 487,793 in 1999 to 458,103 in 2008, resulting in a 6.1% decrease over the ten-year period and an average annual decrease of 0.5%. An increase of 6,654 or 1.5% in the labor force occurred in 2008.

Housing Units Permitted: In 2007, housing units permitted in Pinellas County totaled 1,099, a decrease of 49.6% from the 2006 number of 2,180. The majority of permitting activity in 2007 occurred in the incorporated area of the County, 83.5%, versus the activity in the unincorporated area, 16.5%. In 2007, permitting activity in the incorporated area decreased by 854 permits to a total of 918, which represented a 48.2% decrease from 2006. Activity in the unincorporated area during 2007 totaled 181, a decrease of 227 permits or -55.6%.

Taxable Sales: Taxable sales in Pinellas County decreased 5.2% to \$14.2 billion in 2008, from \$15.0 billion in 2007. Between 2003 and 2006, taxable sales increased every year to a high of \$15.0 billion. The trend has since reversed and is anticipated to continue due to the economic downturn.

For all of the graphics and charts relating to the County's taxable value, the data is

presented on a budget year basis. Therefore, the data reflects actual activity occurring through December 31 of the preceding year. However, the 2010 County taxable value is the official estimate from the Pinellas County Property Appraiser.

Taxable Value: County-wide (including new construction): The county-wide taxable value has grown from \$39.0 billion in 2001 to an estimated \$64.8 billion for 2010, an average annual increase of 6.3%. The estimated decrease of 11.4% between 2009 and 2010 and 19.1% between 2008 and 2010 is due to several factors: the approval of the State's Constitution Amendment 1 in January 2008; the current real estate environment; and new guidelines regarding short sales and foreclosures being used by the Property Appraiser.

Taxable Value: County-wide New Construction: The 2010 estimated new construction value of \$528.2 million represents a decrease of \$683.2 million or 56.4% less than 2009. The estimate for 2010 is 0.8%.

Taxable Value: MSTU (including new construction): Taxable value has decreased in the unincorporated area of the County from \$20.5 billion in 2008 to an estimate of \$16.4 billion in 2010, a decrease of 20.0%. The unincorporated taxable value as a percentage of the total county-wide taxable value has decreased from 30.8% in 2001 to 25.4% for 2010.

Taxable Value MSTU New Construction: Unincorporated area new construction taxable value shows a decrease of 44.1% between the 2009 value of \$125.2 million and the 2010 value of \$70.0 million.

County-wide Aggregate Property Tax Rate: The proposed 2010 county-wide property tax rate of 5.4562 mills is unchanged from the

2009 adopted rate. This aggregate millage rate includes the following: General Fund, 4.8108; Health, 0.0622; and Emergency Medical Services (EMS), 0.5832. Please note that all of the millage rates, with the exception of EMS, are levied on all taxable property. The EMS millage is levied on only real property. The taxable value estimate for all taxable property is \$64.8 billion versus the real property estimate of \$60.6 billion.

County-wide Property Tax Collections: County-wide property tax collections have increased annually from 2001 to 2007. The decrease of the 2008 receipts reflects the impact of the State's 2007 Property Tax Reform and the County's millage rate reduction. The decrease in 2009 collections primarily results from approval of the State's Constitution Amendment 1 in January 2008. Current economic conditions impact on housing values, along with the Amendment 1 exemptions continues the collections decline in 2010.

MSTU Property Tax Rate: The proposed 2010 MSTU property tax rate of 2.0857 mills is the same as the 2009 adopted rate. The taxable value estimated for all MSTU taxable property is \$16.4 billion versus the MSTU real property estimate of \$15.3 billion.

MSTU Property Tax Collections: The MSTU property tax collections are a direct result of the MSTU property tax rate and the MSTU taxable value. The MSTU property tax collections are used to fund a variety of services benefiting only the unincorporated area of the County.

Penny for Pinellas - County Share: The Penny for Pinellas (Local Infrastructure Sales Tax) was established as a result of a county-wide referendum in November 1989, extended until 2010 by a referendum passed in March

1997, and extended again to year 2020 by a referendum passed in March 2007. The surtax is a one (1) percent levy on sales up to \$5,000. The County uses this sales tax revenue for capital projects in the areas of transportation, public safety, parks, environmental protection, storm water management, and government facilities. Of the tax revenue from February 2000 through January 2010, \$80 million is earmarked for jail facility and related improvements. The remaining sales tax revenue is divided between the County's 24 municipalities and the County, pursuant to an interlocal agreement. The chart reflects the County's share of these proceeds. From 2001 to 2007, the County's receipts have fluctuated between a low of \$64.9 million in 2002 to a high of \$77.5 million in 2006. Receipts for 2010 are projected to decrease by 4.3% from 2006 to \$70.8 million.

Local Option Gas Tax: In accordance with Section 336.025(7) Florida Statutes, Pinellas County levies a six (6) cents per gallon tax on motor fuel sold. The tax is in effect through year 2017. Pursuant to a revised interlocal agreement, the County retains 60% of the proceeds from the local option gas tax and the remaining 40% is allocated to the municipalities within the County. Prior to year 2007, the proceeds were distributed as 75% County, and 25% municipalities. The chart reflects the County share of the proceeds. The County uses the proceeds to fund operations and maintenance of the County's transportation system, and transportation capital projects.

1/2 Cent Sales Tax: The State of Florida levies a sales tax of six (6) percent on the purchase of consumer goods, with a variety of exemptions for non-prepared food items, prescription drugs, services, etc. The state returns 8.814 percent to the local governments. This allocation to the counties

and municipalities is determined by a state-mandated distribution formula, which considers taxable sales and population. The chart reflects the County share of the proceeds. Pinellas County uses this revenue in support of general fund operations. From 2001 to 2007, receipts have fluctuated between a low of \$37.9 million in 2002 and 2003, to a high of \$42.1 million in 2006. Since 2006, receipts declined by 19.1% through 2009. Receipts in 2010 are projected to decrease another 5.0% from 2009; and this contraction is expected to continue.

State Revenue Sharing: The State Revenue Sharing Act of 1972 established trust funds for certain State-levied tax monies to be shared with counties and municipalities. The Revenue Sharing Trust Fund is now funded by a portion of sales tax collection, as a result of action taken during the 2000 State legislative session. Prior to 2001, the major sources of these funds were cigarette taxes and intangible personal property taxes. The State formula for distribution is now based upon population and sales tax collections. The chart reflects the County share of the proceeds. Pinellas County is expected to receive \$13.8 million in State-shared revenues in 2009 and \$12.8 million in 2010; thereby continuing the decline from 2006 receipts of \$17.8 million. Pinellas County uses this revenue in support of general fund operations.

Tourist Development Tax: The County imposes a Local Option Resort/Tourist Tax, also known as the Tourist Development Tax of five (5) percent on most rents, leases, or lets which have been contracted for periods of six (6) months or less, or living accommodations in hotels, motels, apartment houses, rooming houses, and mobile home parks. In FY 1988, the Tourist Development

Tax was increased from the initial two (2) percent to three (3) percent to provide additional revenue for tourist development activity. Of this, one-half (1/2) of the additional one (1) percent is earmarked for the Pinellas County Beach Renourishment program. In FY 1996 (effective January 1, 1996), the tax was increased from three (3) percent to four (4) percent. The fourth cent is restricted to debt service on the City of St. Petersburg's Excise Tax Bond, Series 1993, in accordance with the provisions of Section 125.0104(3)(1), Florida Statutes. The imposition of the fourth cent provided for the release of proceeds to provide additional revenue for increased promotional activity and beach re-nourishment. In FY06, (effective December 1, 2005) the tax was increased from four (4) percent to five (5) percent. The fifth cent is exclusively for promoting and advertising tourism internationally, nationally, and in the State of Florida.

Due to the economic downturn, collections are anticipated to decrease in 2009 by 8.7%, the first year-over-year decline since 9/11 impacts resulted in a downturn in 2001.

General Fund Beginning Fund Balance: This resource reflects the amount of carry forward revenue the County has at the beginning of each fiscal year in the General Fund. This fund balance is used as working capital until other revenue sources are available.
