# Summary of Resources and Requirements

## Fund: F1001 County Transportation Trust

The County Transportation Trust Fund is required by Florida Statute 336.022 to account for revenues and expenditures used for the operation and maintenance of transportation facilities and associated drainage infrastructure. Activities include road and right of way maintenance (e.g., patching, mowing), bridge maintenance and operation, traffic engineering, traffic signal operation including Intelligent Transportation Systems, traffic control signage and striping, sidewalk repair and construction, and maintenance of ditches, culverts and other drainage facilities. Major revenues to support these activities are provided from gas taxes collected and distributed by the State of Florida, and local option gas taxes levied by the County.

## Fund: F1025 Emergency Communications 911 System

The Emergency Communications Number E911 System Fund (previously titled Emergency Phone Service & Equipment Fund) is used to account for revenues received from the monthly charge assessed on land based telephone lines and wireless communication services. This service charge was adopted at \$0.50 per month by the Legislature in 1999 and was imposed in FY00. In 2007, legislation was adopted to account for the wireless and wireline service fees in one fund, collected and distributed by the E911 Board. The State Legislature reduced the monthly service charge to \$0.40 effective January 1, 2015 and extended collection to include pre-paid wireless service. Legislation also changed the distribution formula of wireline fees from \$0.49 to \$0.38, and wireless fees from \$0.36 to \$0.30 (on contracted wireless services). The distribution on pre-paid wireless service is \$0.24. This fund is administered by the Safety and Emergency Services Department - Regional 911 Division.

Fund: F1040 Tourist Development Council

The Tourist Development Council Fund accounts for the 6.0% tourist development tax (i.e. bed tax) on rents collected for temporary lodgings. This tax was initially approved by a voter referendum in 1978 as a 2.0% tax to promote tourism in Pinellas County. Later, an additional 1.0% was approved with one-half of this amount earmarked to fund beach nourishment projects. In January 1996, an additional 1.0% was levied to provide additional funds for promotional activities, beach renourishment, and to service the County's commitment to the City of St. Petersburg's for debt service associated with Tropicana Field. In December 2005, an additional 1.0% was levied to provide funding for promoting and advertising tourism. The 6th percent was levied beginning January 1, 2016.

## Fund: F4021 Solid Waste Revenue & Operating

The Solid Waste Revenue and Operating Fund is used to account for revenues generated by Pinellas County's Refuse to Energy facilities. The three main sources of revenue are: tipping fees charged for the disposal of refuse, proceeds from the sale of electricity generated by the facility to Duke Energy, and monies generated from the sale of recycled metals. The fund accounts for the expenses associated with operating and maintaining the facility. This fund also accounts for any grant proceeds which may be received for the various recycling programs administered by the County.
