Subject: Woodlawn Oaks

Anthony,

Just a head's up and plea.... I know that Gregg is going to be seeking construction financing for his Woodlawn Oaks project. If there is any way that the HFA can providing funding so that he can start nine homes at one time that would be great! I have some old SHIP funds in this project that I really need to get expended and can't move the funds around between years due the large amount.

Thanks!
Howie
