**Narratives****Areas of Greatest Need:**

Pinellas County communities are experiencing high volumes of foreclosed and abandoned properties. Based on data provided by HUD and additional analysis conducted by the County, several areas are experiencing high risks of abandonment, high concentrations of subprime loans, and high predictions of additional foreclosures. Current foreclosed and abandoned properties, and the risk of additional properties being foreclosed or abandoned, are causing blighting conditions that are leading to declining home values.

**Distribution and and Uses of Funds:**

Pinellas County will use NSP funds to acquire the properties in areas experiencing the greatest risks of abandonment, the highest concentrations of subprime loans, and at the highest risk of additional foreclosures. These steps will help stop the blighting influence these properties are having in our communities and slow down the decline in home values.

**Activity Description:**

This activity will address neighborhood stabilization within the identified high priority areas through the acquisition of foreclosed properties. Properties purchased will be rehabbed and made available for resale. Properties acquired under this activity must meet the minimum 5% less than current market appraised value discount per property and the overall portfolio discount minimum of 15% total NSP portfolio. Intermediaries will be utilized to identify the most current inventory of foreclosed properties within our high priority areas. Negotiations with the lenders will need to meet the requirements established to obtain the maximum reasonable discount for the program. The purchase of specific foreclosed properties will be dependent upon the highest degree of neighborhood need and the availability of foreclosed properties that can be obtained at a price consistent with the discount requirements of NSP funding. The minimum affordability requirements will be consistent with the requirements of HOME: \$15,000 - 5 years; \$15,000-\$40,000 - 10 years; >\$40,000 - 15 years; New Construction - 20 years. If a home acquired through this activity is not able to be sold to an eligible homebuyer within a reasonable time, as determined by Pinellas County, the home may be considered for rental to an income qualified person.

**Location Description:**

This activity will be carried out in the targeted areas of Greatest Need. The specific properties will be evaluated and a final determination based on an analysis of location, amount of rehabilitation, ownership, and other criteria that may affect the affordability and resale ability. If the acquisition of properties within the areas of greatest is not feasible because of financial or economic feasibility and/or don't meet the discount requirements, the next highest priority area within the County will be targeted.

**Activity Progress Narrative:**

No new activity. Quarter expenditures of (\$44,836.23) is an adjustment to reflect expenditures originally expended on an Acquisition Rehab Acquisition activity, but further inspection resulted in the acquired property being demolished. The expenditures was moved to the Demo Acquisition activity.

**Activity Description:**

This activity will address neighborhood stabilization within the high priority areas identified in the County. Specific neighborhoods will be identified within the census tracts at the time funds are available. The properties acquired and rehabilitated through the RENTAL-ACQ and RENTAL-REHAB Activities will be made available as rental property for families that are below 50% of area median income. The continued affordability of the properties addressed under this activity will be ensured through land use restriction instruments. The properties will be monitored for continued affordability requirements and affordable rents, consistent with the monitoring standards utilized for HOME funded multi-family properties.

**Location Description:**

This activity will be carried out in the targeted areas of Greatest Need. Other census tracts with equal need, as they are identified over the course of the program will be evaluated for participation in the program.
