

How do I know my risk?

Know your zone.

Knowing your evacuation zone (also referred to as evacuation level) is the first step to knowing your risk and making your plans. Evacuations will be called according to “evacuation levels.” Check your evacuation zone at www.pinellascounty.org/knowyourzone.

If you live in a mobile home you are considered to be in a Level A evacuation zone/level, no matter where you are located in the county, and must go when evacuations are ordered for mobile homes or a Level A or higher.

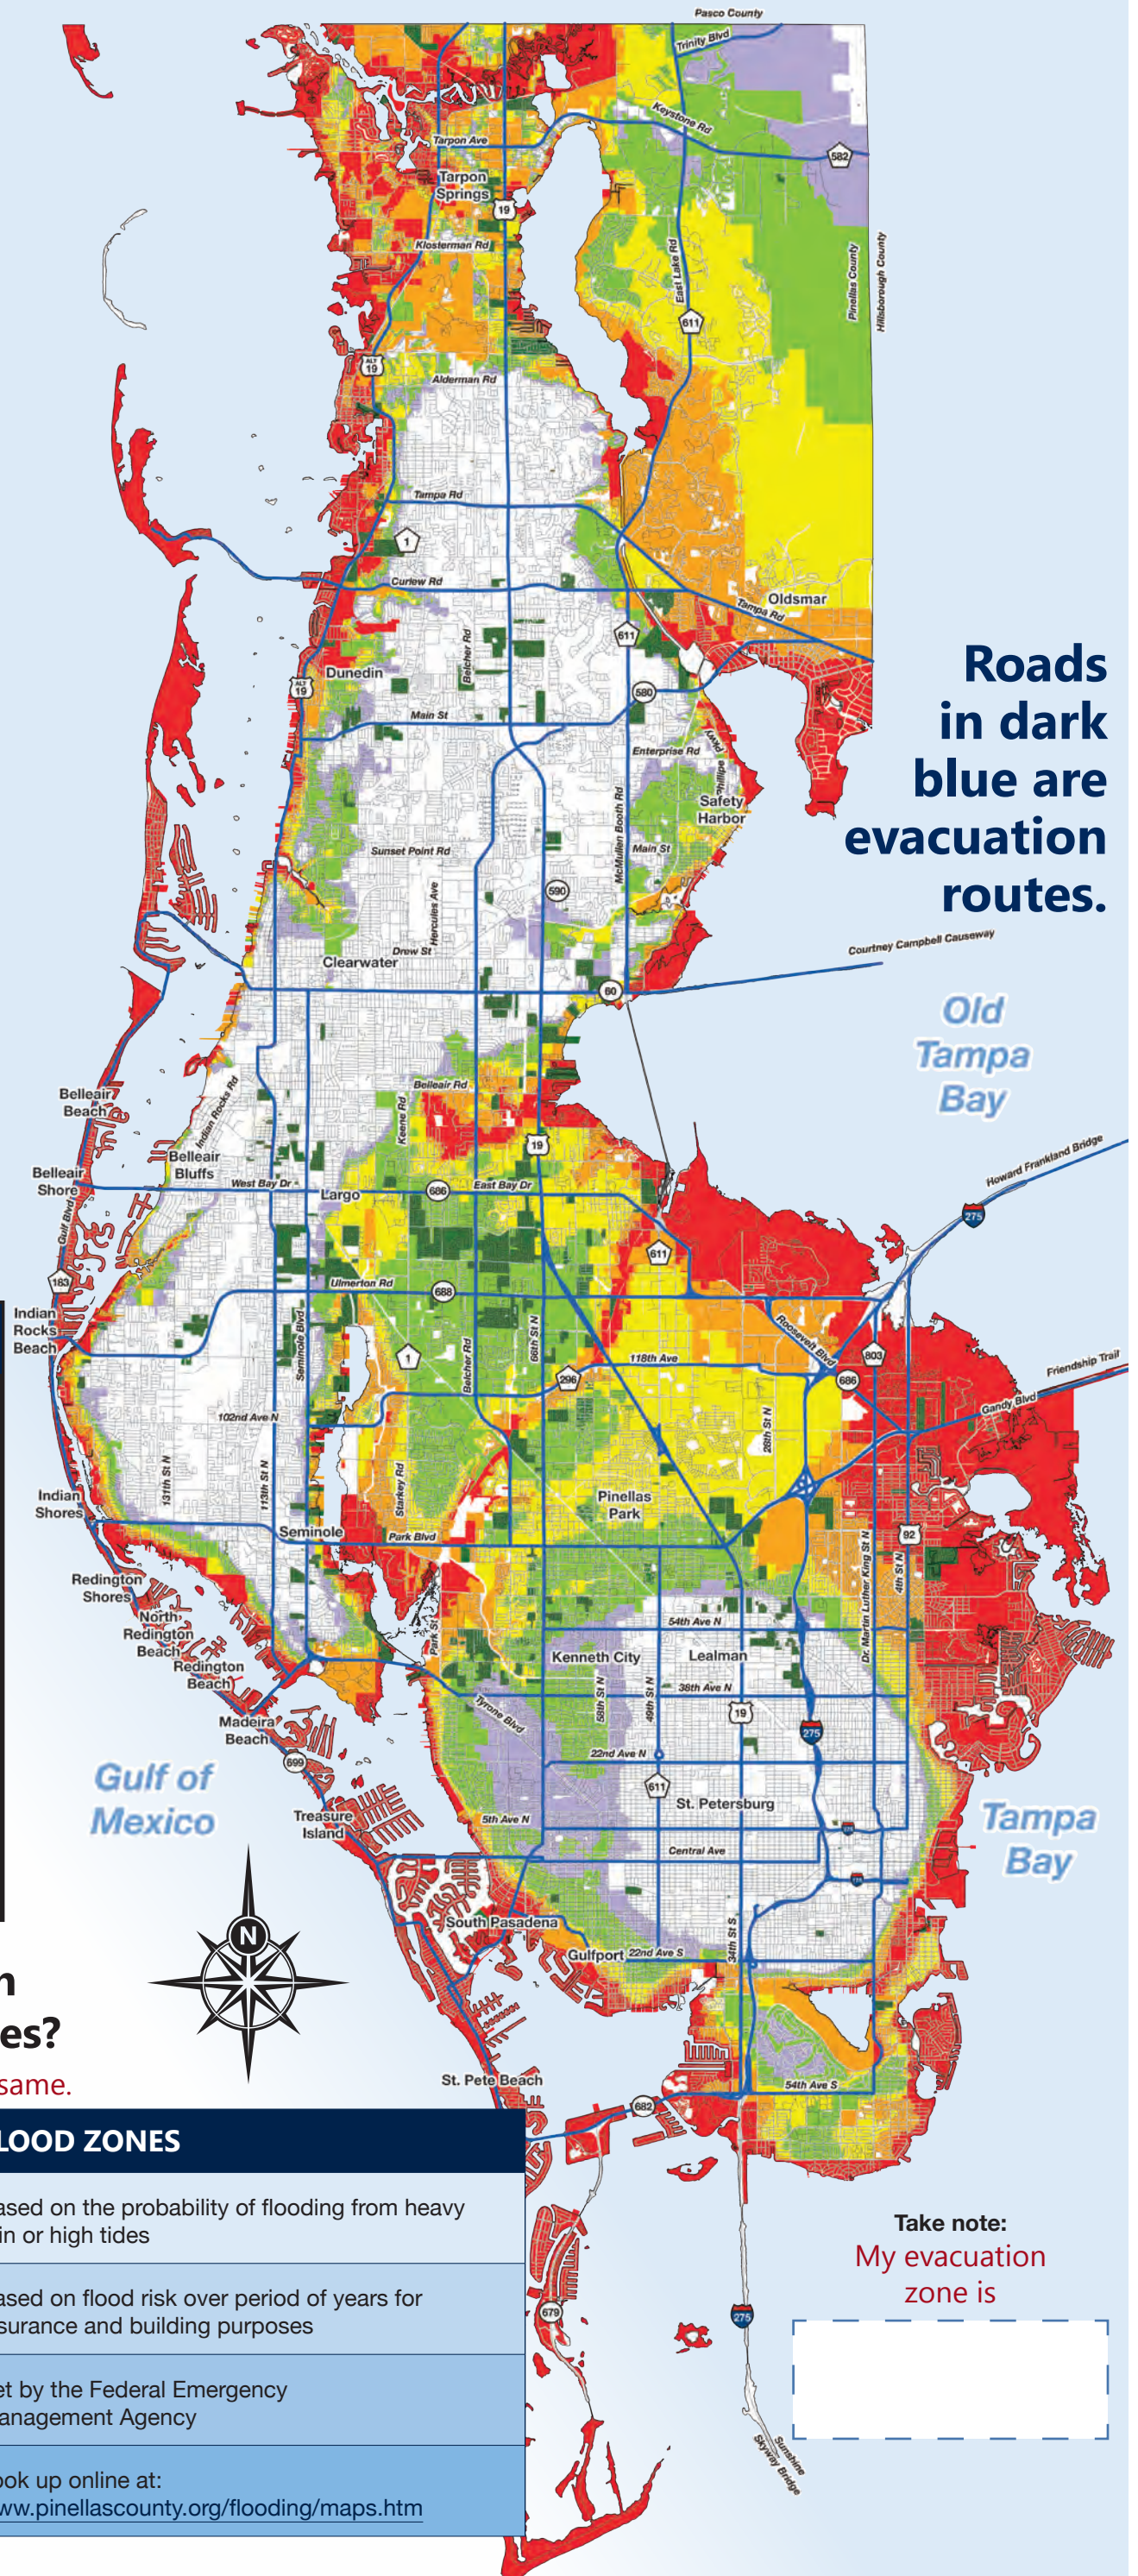

Evacuation orders issued by Pinellas County are for the entire county, including cities and unincorporated areas.

There are several ways to find out your evacuation zone:

- www.pinellascounty.org/knowyourzone
- Ready Pinellas mobile app
- Utility bill
- Property Appraiser records
- (727) 453-3150 (automated for landlines only)

Evacuations are ordered for storm surge risk as shown on the map at the right.

What's the difference between evacuation zones & flood zones?

Evacuation zones and flood zones are not the same.

| EVACUATION ZONES | FLOOD ZONES |
|--|--|
| Based on Tropical Storm and Hurricane scenarios | Based on the probability of flooding from heavy rain or high tides |
| Based on ground elevation and proximity to water | Based on flood risk over period of years for insurance and building purposes |
| Determined by the National Hurricane Center | Set by the Federal Emergency Management Agency |
