9. A late revision to a notification is **\$250**.

10. Demolition - Portable commercial structure relocation: the removing from a foundation of any mobile or portable public or commercial structure. The intent is not to destroy or dismantle the structure, but to take out load stabilizing supports to re-support with same, at a new location. (Public or commercial mobile or portable structures include but are not limited to modular buildings, modular offices, portable buildings, and construction trailers). **\$50/Structure**

- The notification will not be accepted without the appropriate fee.
- A separate notification and fee are required for renovations and demolitions.
- If in the course of a demolition or renovation it is determined that the project belongs in a higher fee category than was initially determined, an owner or operator shall re-notify Air Quality and pay the balance of the fee for the higher category.
- The Department's fee requirements are not applicable when the NESHAP demolition or asbestos removal project is in a school, college, university, or a residential dwelling, as residential dwelling is defined in Rule 62-257.200, F.A.C
