Good Habitat/Bad Habitat

Good Habitat

What makes this a **Good** Habitat:

- Variety of Plants
- Maximize Edge

What makes this a **Bad** Habitat:

- No Plants!
- Algae Dominated
- No Plants!

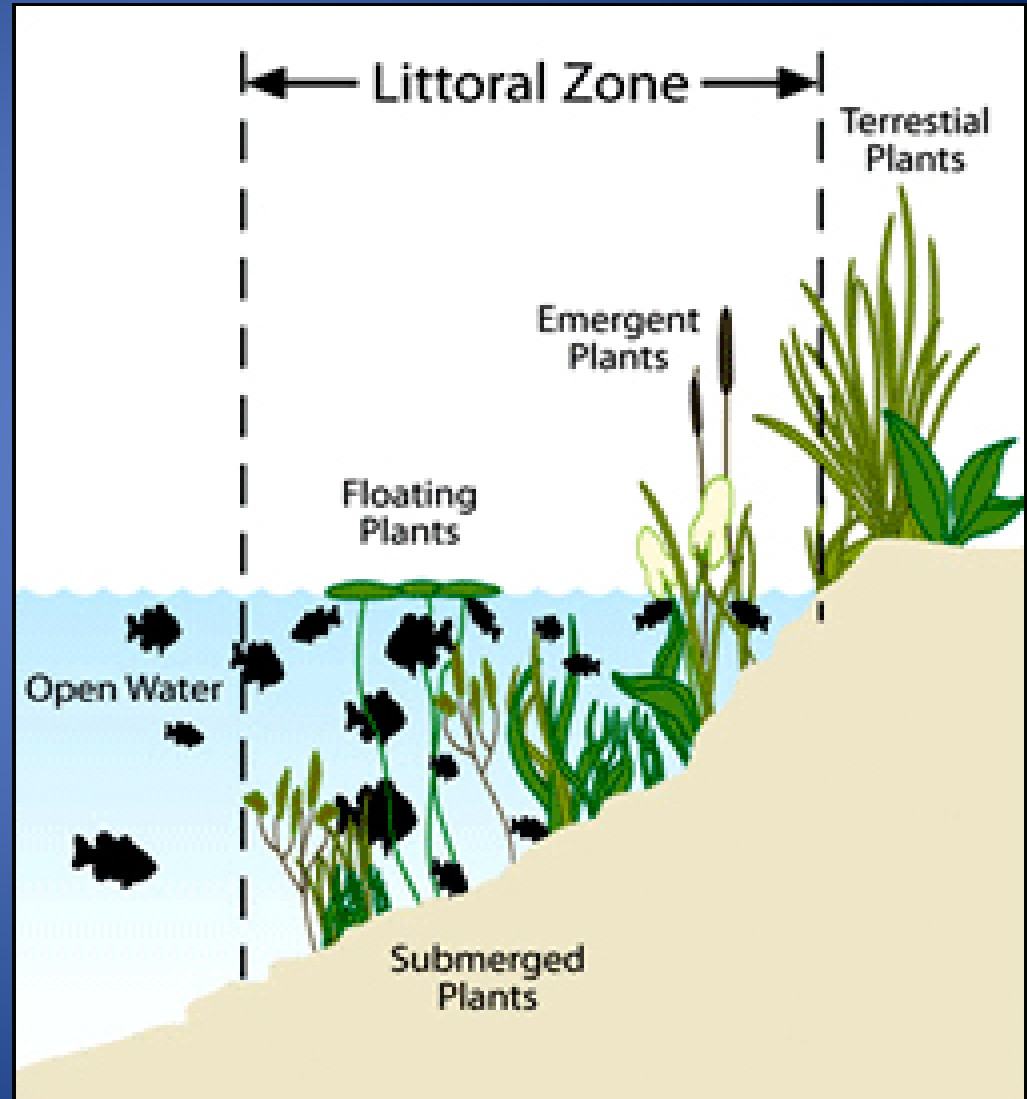

Bad Habitat

7. 22. 2003

What Makes Good Habitat

In the Littoral Zone
You Want to...

- Maintain Variety
- Emphasize Edge Effect
- Maintain 30-50% Area Coverage of Plants
