

# Hurricane Preparations Are Under Way!

Hurricanes are a part of the living history of Pinellas County, one that continues today. As a historic site, Heritage Village takes special care to make storm preparations well in advance of any potential storm, to ensure that our structures are safe.

***Note the hurricane protection barriers on the windows of many of our structures.***

*This is an important step in maintaining the integrity of a building. The special barriers allow natural light to filter into the rooms, allowing for the maximum enjoyment of our guests who are touring the building.*

You can check the Visitor Center for an update on which historical structures are included in the guided and self-guided tours.

## Enjoy your day at the Village!
