

Convenience Care Clinics

Biometric screenings may be obtained from a convenience care clinic found in local CVS and Walgreens stores (see list below). For most accurate results, it is recommended that you fast for 9 to 12 hours before a screening. Employees may also get their flu shots at a convenience care clinic. **For free service, be sure to go to the clinic area of the store, and not to the pharmacy counter.**

CVS Minute Clinics

Walk-ins welcome, no appointments
