

Subject: Important Notice Concerning Dental Insurance ID Cards
Date: Thursday, January 19, 2017 3:30:01 PM

Supervisors: Please post this important flyer in areas visible to employees such as break rooms.

Important Notice About Dental Insurance ID Cards

- Human Resources has been contacted by individuals who received dental ID cards from Safeguard Insurance. Effective January 1, 2017, Pinellas County's dental HMO provider changed from MetLife/Safeguard to Cigna. Safeguard Insurance has confirmed that these ID cards were sent in error. Safeguard Insurance ID cards are not proof of coverage under the Pinellas County plan. **Effective January 1, 2017, all dental benefits provided by Pinellas County are through Cigna Insurance Company.**
- Safeguard Insurance ID cards should not be used and should not be given to a dental provider. If you have received services from your dental HMO provider on or after January 1, 2017 and presented a Safeguard ID card, you should contact your dental provider and advise them your coverage is through Cigna.
