Accounting & Finance Technician

Category:  Classified
Pay Grade:  C18
Job Code:  10100

To perform this job successfully, an individual must be able to perform the essential job functions satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the primary job functions herein described. Since every duty associated with this position may not be described herein, employees may be required to perform duties not specifically spelled out in the job description, but which may be reasonably considered to be incidental in the performing of their duties just as though they were actually written out in this job description.

JOB SUMMARY

This is highly complex accounting and financial work performing a variety of accounting duties related to the maintenance and review of accounting, financial and statistical records; and other related administrative assignments. Positions in this class provide support services in the maintenance and processing of accounting or financial matters and statistical records that are part of a more complex computer automated recordkeeping system. An incumbent in this class processes accounting and financial transactions that require independent judgment in researching and reconciling discrepancies and may include heavy customer contact assignments. Miscellaneous clerical and other duties may also be performed; however, the primary focus of this series is performance of accounting or finance related support activities. Duties typically include reconciling a variety of agency or departmental accounts, preparing reports, forms or formats for reporting plus retaining data and preparing and processing accounting records, statements or transactions using a variety of accounting support systems and documentation. This class differs from the office job class series in that the accounting and finance class is primarily responsible for performance of job tasks involving arithmetical skills, financial and statistical recordkeeping systems relying upon highly automated business systems. Work differs from lower level classes in that at this level the employee exercises independence and finality of action for predefined subject matter functional areas. Incumbent refers difficult analysis, technical policy or procedural questions to a more senior staff for resolution. The position duties require interpretation of multiple guidelines or procedures and resolution of complex problems. This is the journey level in the class series. Positions may provide direction and instruction to lower level accounting staff and may act as a group lead for one or more support staff. The position reports to a manager or supervisor.
