Manager, Building Design & Construction Division

Category: Exempt
Pay Grade: E28
Job Code: 13222

To perform this job successfully, an individual must be able to perform the essential job functions satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the primary job functions herein described. Since every duty associated with this position may not be described herein, employees may be required to perform duties not specifically spelled out in the job description, but which may be reasonably considered to be incidental in the performing of their duties just as though they were actually written out in this job description.

**JOB SUMMARY**
Performs highly responsible administrative and supervisory work managing technical and administrative personnel involved in performing complex strategic processes for projects that are the responsibility of the Real Estate Management Department, as well as related departmental functions. Employees in this classification are responsible for business analyses, strategic planning, organizing, preparation, planning, coordinating and reviewing the work of supervisory, skilled, and semi-skilled employees. Depending on area of assignment, an employee within this class will supervise personnel involved with planning, survey, design, review, construction, operations, maintenance, and administrative support and guidance for departmental programs, projects, and systems. General guidance is provided by the department director, allowing employee latitude in determining methods and attaining objectives.

**ESSENTIAL JOB FUNCTIONS (examples, not all inclusive)**
- Coordinates, supervises and administers activities associated with the various projects that are the responsibility of the department such as design and contract review, feasibility studies, site plan review, water projects, status updates, activity scheduling, training and developing consensus between management and the implementation team on project related requirements.
- Assists in plan preparation and design, including estimating staff resources and needs for each project, technical and support personnel, consultants and equipment.
- Coordinates work of implementation teams and affected division or area to develop an efficient change management plan for each new project, including business process assessment, training requirements and communication in all appropriate forms.
- Reviews and prepares work procedures, work schedules; monitors and promotes positive workflow.
- Coordinates preparation of and assists in administration of budget for operating division; forecasts short and long-term needs to ensure efficient and effective operations.
- Reviews agreement terms, scope and deliverables, ensuring the county and consultants meet contractual obligations, reporting any associated issues to management for review and secures direction for further action.
- Prepares presentations and provides professional and technical assistance and oversees project processes.
- Issues written and oral instructions; assigns duties and reviews work for accuracy.
- Performs related work as assigned or required.

**QUALIFICATIONS**
Education and Experience:
Bachelor's degree in business, civil engineering, or related field plus five (5) years of project management experience that includes three (3) years of progressively responsible experience in business analysis, strategic
planning, combined with two (2) years responsible supervisory experience; or an equivalent combination of
education, training, and/or experience.

Special Qualifications (May be required depending on area of assignment):
• Florida Driver License or Florida Commercial Driver License and endorsement, if any.
• Assignment to work a variety of work schedules including compulsory work periods in special,
emergency, and/or disaster situations.
• Other highly desirable knowledge, skills, abilities, and credentials relevant to the position.

PHYSICAL/MENTAL DEMANDS
The work is sedentary work which requires exerting up to 10 pounds of force occasionally and/or negligible
amount of force frequently or constantly to lift, carry, push, pull, or otherwise move objects, including the
human body. Additionally, the following physical abilities are required:
• Crouching: Bending the body downward and forward by bending leg and spine.
• Feeling: Perceiving attributes of objects, such as size, shape, temperature or texture by touching with skin,
particularly that of fingertips.
• Fingering: Picking, pinching, typing, or otherwise working, primarily with fingers rather than with the whole
hand as in handling.
• Grasping: Picking, pinching, typing, or otherwise working, primarily with fingers rather than with the whole
hand as in handling.
• Handling: Picking, holding, or otherwise working, primarily with the whole hand.
• Kneeling: Bending legs at knee to come to a rest on knee or knees.
• Reaching: Extending hand(s) and arm(s) in any direction.
• Visual ability: Sufficient to effectively operate office equipment including copier, computer, etc.; and to read
and write reports, correspondence, instructions, etc.
• Hearing ability: Sufficient to hold a conversation with other individuals both in person and over a telephone; and to hear recording on transcription device.
• Speaking ability: Sufficient to communicate effectively with other individuals in person and over a telephone.
• Mental acuity: Ability to make rational decisions through sound logic and deductive processes.
• Talking: Expressing or exchanging ideas by means of the spoken word including those activities in which they must convey detailed or important spoken instructions to other workers accurately, loudly, or quickly.
• Repetitive motion: Substantial movements (motions) of the wrist, hands, and/or fingers.
• Standing: Particularly for sustained periods of time.
• Stooping: Bending body downward and forward by bending spine at the waist. Occurs to a considerable degree and requires full motion of the lower extremities and back muscles.
• Walking: Moving about on foot to accomplish tasks, particularly for long distances or moving from one work site to another.

WORKING CONDITIONS
Work is performed in a dynamic environment that requires sensitivity to change and responsiveness to changing goals, priorities, and needs.
