HVAC Mechanic

Category:    Classified
Pay Grade:   C20
Job Code:    13700

To perform this job successfully, an individual must be able to perform the essential job functions satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the primary job functions herein described. Since every duty associated with this position may not be described herein, employees may be required to perform duties not specifically spelled out in the job description, but which may be reasonably considered to be incidental in the performing of their duties just as though they were actually written out in this job description.

JOB SUMMARY
Performs journeyman level work in the installation, alteration, repair, and maintenance of heating, ventilating, and air conditioning (HVAC) systems; works in accordance with standard trade practices; makes decisions regarding complex repair work procedures; may oversee one or more helpers on a project basis.

ESSENTIAL JOB FUNCTIONS (examples, not all inclusive)
- Installs, overhauls, and services refrigeration and air conditioning units by repairing, rebuilding, replacing, or adjusting worn or broken components on condensers, compressors, and water and vacuum pumps;
- Tests refrigeration equipment for leaks and adds gas to units;
- Repairs and adjusts valves, piping connections, fittings, and couplings;
- Adjusts pressure, solenoid, and expansion valves;
- Checks gauges, makes inspections, and performs preventive maintenance service;
- Changes and washes oil cleaners and air filters;
- Performs skilled mechanical and trade functions to support operations;
- Performs other related job duties as assigned.

QUALIFICATIONS

Education and Experience:
Three (3) years of HVAC trades experience that includes six (6) months as a team leader, supervisor, or supervisor training; or completion of a two-year vocational and training certification or diploma in a related field and one (1) year of HVAC experience that includes six (6) months as a team leader, supervisor, or supervisor training; or an equivalent combination of education, training, and/or experience.

Special Qualifications (May be required depending on area of assignment):
- Florida Driver's License or Florida Commercial Driver’s License and endorsement, if any.
- Assignment to work a variety of work schedules including compulsory work periods in special, emergency, and/or disaster situations.
- Possession and maintenance of a valid Pinellas County HVAC journeyman level Certificate of Competency.
- Candidate to demonstrate more advanced proficiency, competency, and satisfactory completion of regularly assigned work in an independent manner. Appointing Authority retains discretion to employ an incumbent at this level or advance the incumbent non-competitively or competitively after a candidate meets the minimum qualifications to an in-line career ladder position within the same organization or department.
- Other knowledge, skills, abilities, and credentials required for a specific position.
Knowledge, Skills and Abilities:

- Knowledge of the principles, practices, materials, tools, and equipment of refrigeration and air conditioning operation, maintenance, and repair;
- Knowledge of standard practices, materials, tools, and equipment of the electrical trade and local and national electrical;
- Knowledge of occupational hazards and appropriate safety precautions, to include working with complex office building, commercial, and industrial HVAC systems;
- Knowledge of work hazards and safety associated with crafts, trades, and facilities work;
- Knowledge of tools, power tools, and materials used in skilled trade work;
- Knowledge of the methods, materials, tools, and practices for HVAC work;
- Skill in use of tools and equipment for mechanical repairs;
- Skill in locating and repairing defects in related equipment;
- Skill in the use and care of standard tools, equipment and testing devices of the electrical trade;
- Ability to work from oral or written instructions, broken parts, or basic diagrams and sketches;
- Ability to troubleshoot defects in machinery and equipment operation, make proper repairs and adjustments, and complete assignments;
- Ability to lead helpers and others to complete assignments, keep basic records, and do heavy manual work;
- Ability to read and interpret blueprints and schematics, equipment diagrams, draw sketches of proposed projects, plan assignments, order materials, and understand and follow oral and written instructions;
- Ability to operate a personal computer and other automated systems to monitor work, enter, and retrieve information;
- Ability to install, alter, repair, and maintain a variety of HVAC systems and equipment;
- Ability to endure long periods of standing, walking, or working in inclement weather and possession of sufficient physical strength and agility to lift and move heavy objects;
- Ability to detect problems and repair machinery and equipment;
- Ability to communicate orally and in written form to impart information, write reports, etc.;
- Ability and strength to climb ladders and perform heavy manual labor for extended periods;
- Ability to use or repair heavy machinery.

PHYSICAL/MENTAL DEMANDS

The work is heavy work which requires exerting up to 100 pounds of force occasionally, and/or up to 50 pounds of force frequently, and/or up to 20 pounds of force constantly to move objects. Additionally, the following physical abilities are required:

- Balancing: Maintaining body equilibrium to prevent falling while walking, standing or crouching on narrow, slippery, or erratically moving surfaces. The amount of balancing exceeds that needed for ordinary locomotion and maintenance of body equilibrium.
- Climbing: Ascending or descending ladders, stairs, scaffolding, ramps, poles and the like, using feet and legs and/or hands and arms. Body agility is emphasized.
- Crawling: Moving about on hands and knees or hands and feet.
- Crouching: Bending the body downward and forward by bending leg and spine.
- Feeling: Perceiving attributes of objects, such as size, shape, temperature or texture by touching with skin, particularly that of fingertips.
- Fingering: Picking, pinching, typing, or otherwise working, primarily with fingers rather than with the whole hand as in handling.
- Grasping: Applying pressure to an object with the fingers and palm.
- Handling: Picking, holding, or otherwise working, primarily with the whole hand.
- Kneeling: Bending legs at knee to come to a rest on knee or knees.
- Lifting: Raising objects from a lower to a higher position or moving objects horizontally from position-to-position. Occurs to a considerable degree and requires substantial use of upper extremities and back muscles.
- Pulling: Using upper extremities to exert force in order to draw, haul or tug objects in a sustained motion.
- Pushing: Using upper extremities to press against something with steady force in order to thrust forward, downward or outward.
• Reaching: Extending hand(s) and arm(s) in any direction.
• Visual ability: Sufficient to effectively operate office equipment including copier, computer, etc.; and to read and write reports, correspondence, instructions, etc.
• Hearing ability: Sufficient to hold a conversation with other individuals both in person and over a telephone; and to hear recording on transcription device.
• Speaking ability: Sufficient to communicate effectively with other individuals in person and over a telephone.
• Mental acuity: Ability to make rational decisions through sound logic and deductive processes.
• Talking: Expressing or exchanging ideas by means of the spoken word including those activities in which they must convey detailed or important spoken instructions to other workers accurately, loudly, or quickly.
• Repetitive motion: Substantial movements (motions) of the wrist, hands, and/or fingers.

**WORKING CONDITIONS**

Work is performed in an environment with heavy equipment and machinery that could result in bodily harm to co-workers or others.
