

LAND SURVEYOR

Job Code	Pay Grade
16780	CL20

Nature of Work

This is professional land survey work supervising and reviewing subordinate technical employees engaged in land survey and construction projects.

Employees in this class perform complex work duties and involve public contact concerning County survey activities. Assignments are usually broad in scope with considerable opportunity for exercising independent professional judgment and making technical decisions of considerable difficulty.

Minimum Qualification Requirements

- Florida Registration as a Professional Land Surveyor, or
- Must have taken the Professional Land Surveyor examination.

Appointing Authority May Also Require

- Florida Driver's License or Florida Commercial Driver's License and endorsement, if any.
- Assignment to work a variety of work schedules including compulsory work periods in special, emergency, and/or disaster situations.
- Other highly desirable knowledge, skills, abilities, and credentials relevant to a position.

Illustrative Tasks (These are examples and are not all inclusive.)

- Supervises, plans and directs activities of land survey crews which include plane, geodetic and hydrographic surveying.
- Directs land, right-of-way and location surveys, prepares land descriptions, final estimates, miscellaneous office calculations and performs field and construction surveys.
- Supervises and schedules technical staff engaged in computer aided map preparation, drafting of legal descriptions, title searches and related activities.
- Certifies plans, specifications, plats, reports and other documents for public works projects.
- Conducts training programs for employees in proper work and safety methods.
- Acts as advisor to County Attorney on cases involving surveying actions.
- Performs information processing related duties including using available statistical packages or programs, encoding data, data entry and retrieval, routine information terminal operations and programming/reprogramming.
- Performs related work as assigned or required.

Knowledge, Skills, and Abilities

- Knowledge of the practice of land surveying and the law and Florida Statutes pertaining to land surveying.
- Knowledge of modern land surveying practices and procedures as applied to public works projects.
- Knowledge of modern developments, current literature and sources of information for land surveying.
- Skill in the use of land surveying instruments and equipment.
- Ability to present clear and concise reports, orally and in writing.
