

ADDENDUM:

Better Understanding of the Pinellas County Jail Population

8/6/2007

Pinellas County Data Collaborative
Pinellas County, Florida

Policy and Services Research Data Center
Department of Mental Health Law & Policy
Louis de la Parte Florida Mental Health Inst.
University of South Florida

Percentage of CJIS Population found in 5 other systems

	Population Overlap
Emergency Medical Services, Pinellas County (EMS)	12%
Statewide Baker Act (BA)	2%
Statewide Mental Health and Substance Abuse (IDS)	5%
Statewide Medicaid Claims (MED)	5%
Dept. of Health & Human Svcs, Pinellas County (DHH)	10%

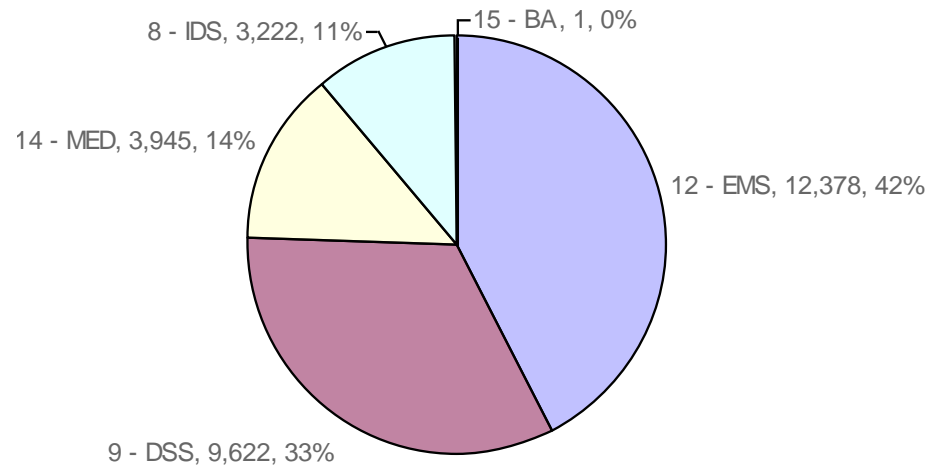

Note: Since the last report the Dept. of Health & Human Services data was updated through 2006 and it increased the number of individuals who interacted with DHH from 9% to 10%.

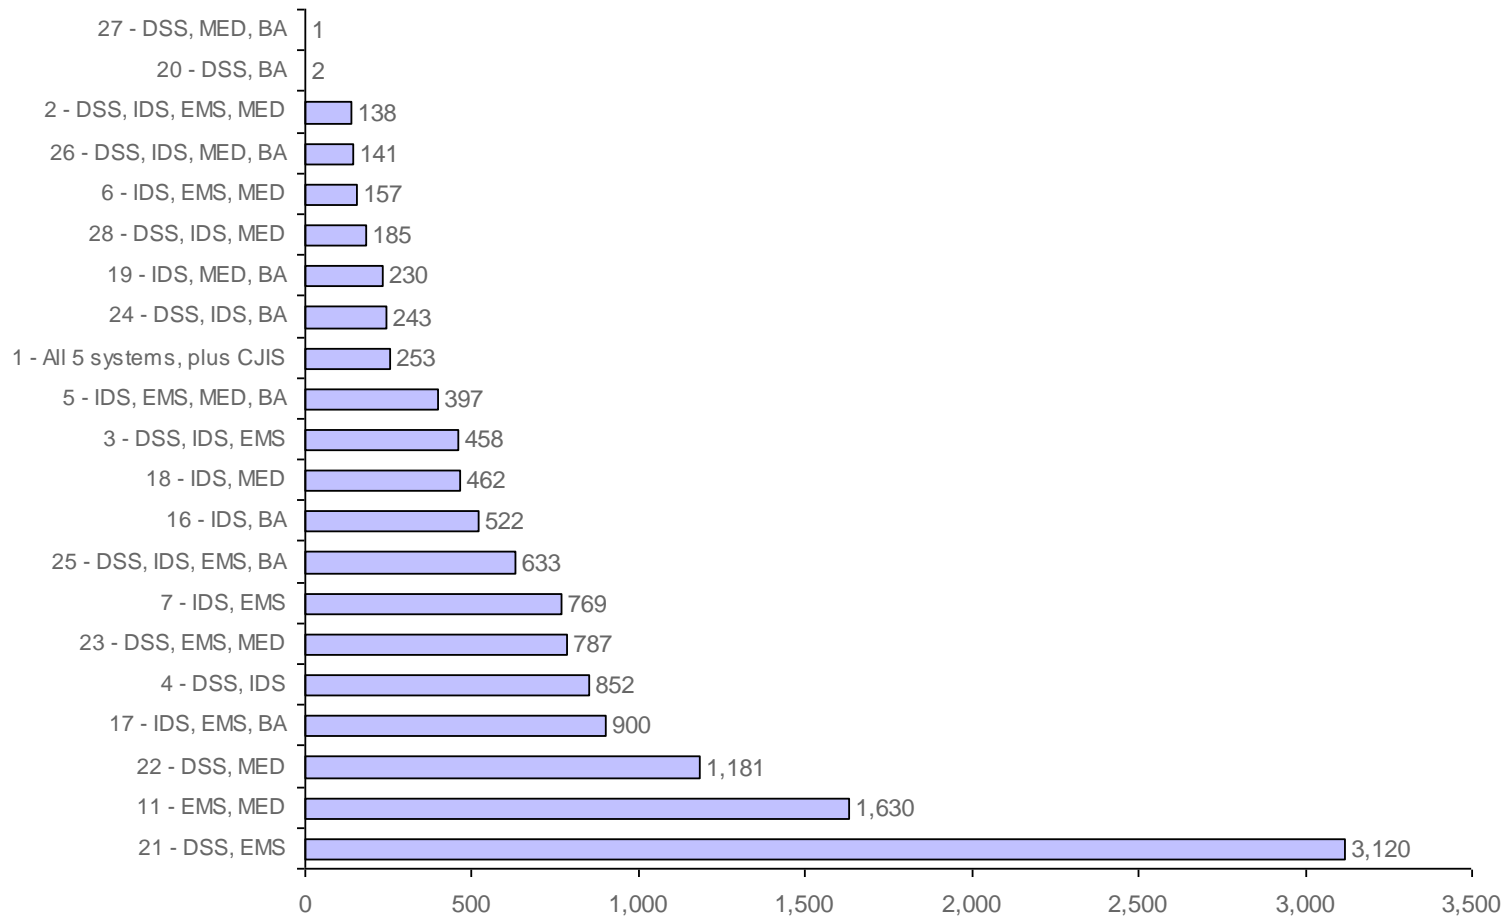

Number of Systems along with CJIS that Population Interact with

Number of systems Individuals Interacting With	NBR	%
One other system along with CJIS	29,168	70%
Two other systems along with CJIS	8,538	20%
Three other systems along with CJIS	2,503	6%
Four other systems along with CJIS	1,309	3%
Five other systems along with CJIS	711	1%

**Interact with only One other
system along with CJIS
70% of sub-population**

Multiple System Interactions – 30%

EMS Services

- For one individual there could be from 1 to 120 interactions with EMS from 2003 to 2006, the average being 2 interactions with EMS.
- There were a total of 21,649 individuals with EMS service events (51,600) during this period.
- Of those individuals, 4,210 (12%) had interactions (6207) with EMS 60 days prior to being arrested or 60 days after being released from jail.
- 1,550 of the interactions happened on the date of arrest or release.
