

U.S. Coast Guard Sector St. Petersburg Environmental Sensitivity Index Maps

—Pinellas County only—

Posted June, 2010

The following maps for Pinellas County were extracted from the [West Peninsular Florida Atlas Volume 1](#) found on the [Area Contingency Plan website](#).

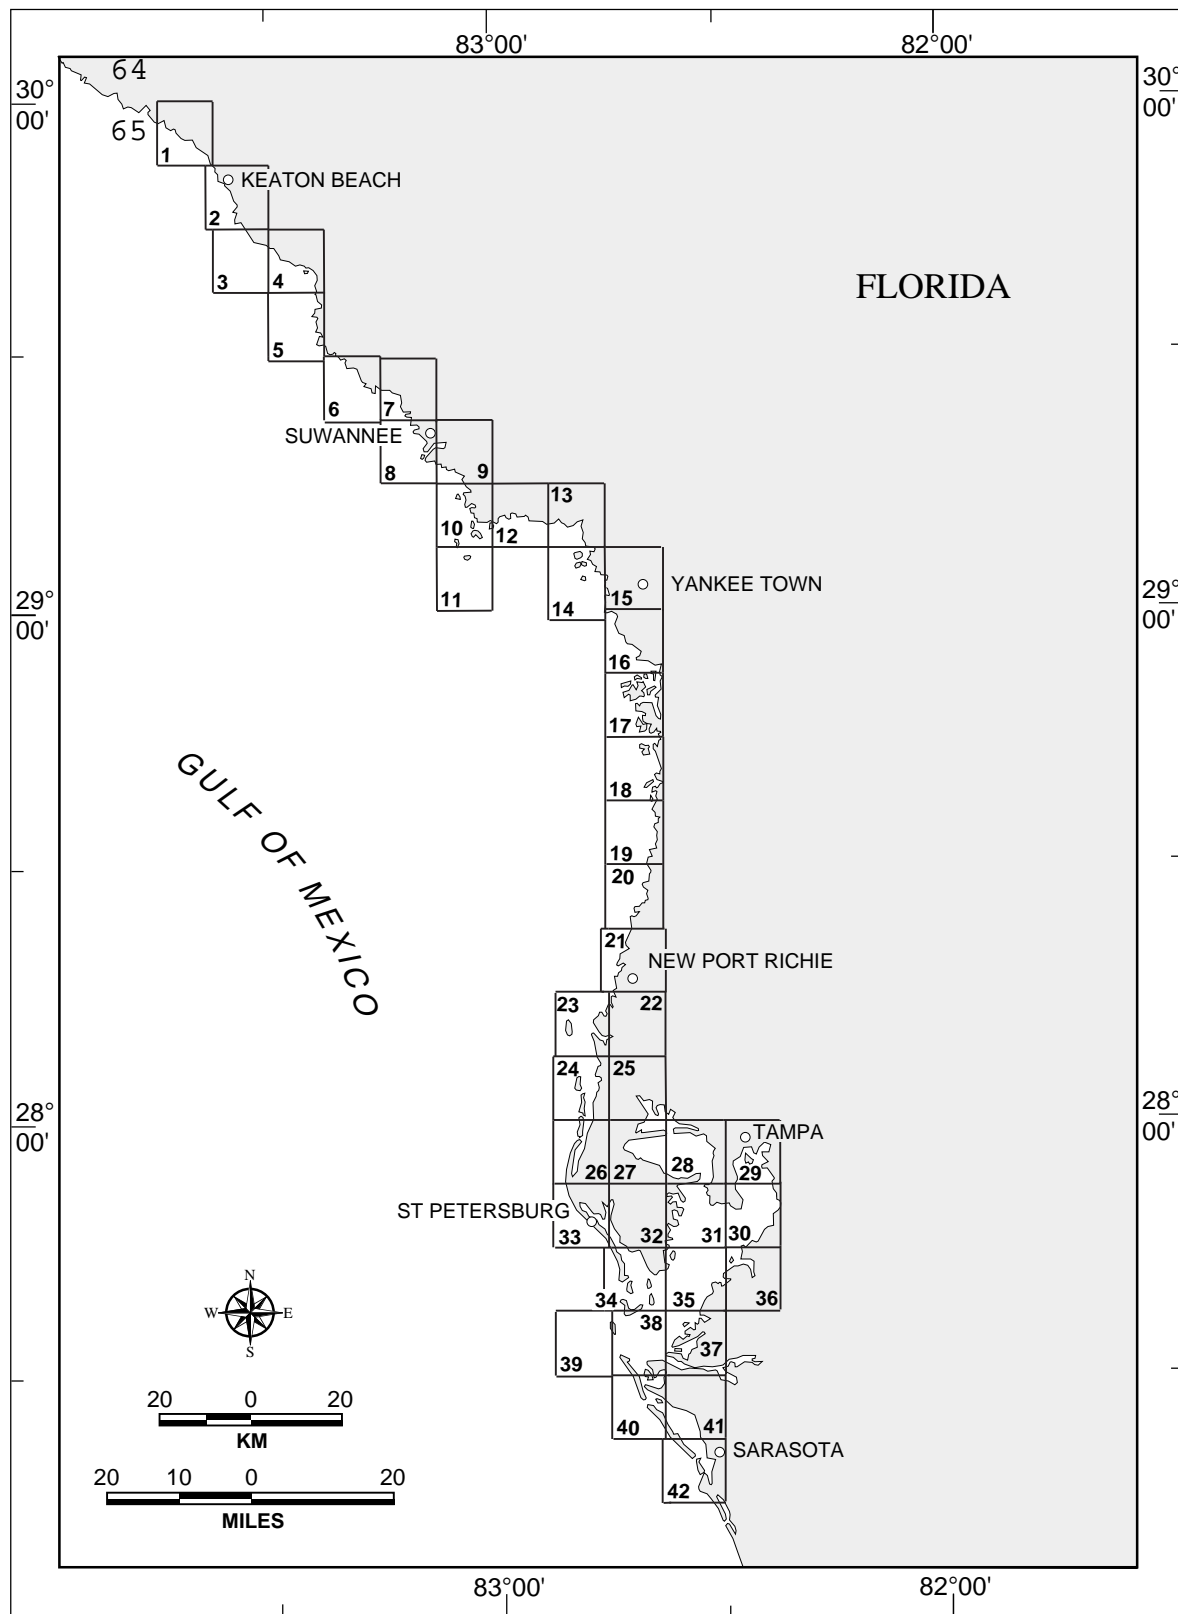

The Environmental Sensitivity Index maps include information on shoreline habitats and sensitive biological resources as a guide for spill response activities. The maps were prepared by Research Planning, Inc. for the Florida Department of Environmental Protection (FDEP).

Sensitivity of Coastal Environments and Wildlife to Spilled Oil
