

ATTENTION PET OWNERS

CANINE DISTEMPER ALERT

The presence of Canine Distemper has been confirmed at Ft. De Soto Park

Distemper is a highly contagious disease spreading quickly among dogs. It has the potential to kill dogs that have not been vaccinated, or are susceptible for reasons of age or compromised immune system.

Humans and cats are not affected by this disease.

As a reminder, please do not interact with park wildlife.

If you notice an animal that appears sick or is acting strangely, advise Park staff or call (727) 582-2100.
