Project Overview

Pinellas County Public Works, through the County's Capital Improvement Program, has replaced the observation tower at Wall Springs Park in the Palm Harbor area of unincorporated Pinellas County.

A focal point of the park, the observation tower was originally built in 2004 before being destroyed in a fire in September 2013.

The new 35-ft. observation tower opened in the summer of 2018. The tower provides citizens with a scenic view of the park and the Gulf of Mexico. The addition of a wheelchair accessible ramp at each level makes it compliant with the Americans with Disabilities Act and is now able to be enjoyed by all park visitors.

Project Schedule – Next Steps

- Design Start: October 2013
- Design End: October 2016
- Construction Start: March 2017
- Construction End: July 2018

This project was funded through the Local Infrastructure Sales Tax (Penny for Pinellas) Culture and Recreation, Countywide Parks Project program allocation.
