KENNETH T. WELCH

Joseph Lauro, CPPO/CPPB
Director

December 22, 2008

To all contractors deemed qualified for the Pinellas County Utilities Water Blending Facility:

This letter is written to inform you that the construction of the 100 MGD Pinellas County Utilities Water Blending Facility has been postponed with no date established for re-mobilization of this project. Due to the current economic downturn, funds for construction have become tenuous; therefore, this project has been placed on hold pending availability of funds.

We will inform you when or if this project is placed back on task. Since significant time may pass potentially affecting corporate financials and other conditions deemed necessary to qualify for this project, your firm may be asked to update your qualification submittals or re-qualify at a later date. Thank you for your interest in this project and doing business with Pinellas County Government.

Sincerely,

Joe Lauro, CPPO/CPPB
Director of Purchasing

cc: Thomas Crandall, Director of Utilities
Michael Sweet, Director of Utilities Engineering
