Payment of invoices for work performed for Pinellas County Board of County Commissioners (County) is made, by standard, in arrears in accordance with Section 218.70, et. seq., Florida Statutes, the Local Government Prompt Payment Act.

If a dispute should arise as a result of non-payment of a payment request or invoice the following Dispute Resolution process shall apply:

A. Pinellas County shall notify a vendor in writing within ten (10) days after receipt of an improper invoice, that the invoice is improper. The notice should indicate what steps the vendor should undertake to correct the invoice and resubmit a proper invoice to the County. The steps taken by the vendor shall be that of initially contacting the requesting department to validate their invoice and receive a sign off from that entity that would indicate that the invoice in question is in keeping with the terms and conditions of the agreement. Once sign off is obtained, the vendor should then resubmit the invoice as a "Corrected Invoice" to the requesting department which will initiate the payment timeline.

1 Requesting department for this purpose is defined as the County department for whom the work is performed.

2 Proper invoice for this purpose is defined as an invoice submitted for work performed that meets prior agreed upon terms or conditions to the satisfaction of Pinellas County.

B. Should a dispute result between the vendor and the County about payment of a payment request or an invoice then the vendor should submit their dissatisfaction in writing to the Requesting Department. Each Requesting Department shall assign a representative who shall act as a "Dispute Manager" to resolve the issue at departmental level.

C. The Dispute Manager shall first initiate procedures to investigate the dispute and document the steps taken to resolve the issue in accordance with section 218.76 Florida Statutes. Such procedures shall be commenced no later than forty-five (45) days after the date on which the payment request or invoice was received by Pinellas County, and shall not extend beyond sixty (60) days after the date on which the payment request or invoice was received by Pinellas County.

D. Proper Authority for this purpose is defined as the Pinellas County representative who is designated as the approving authority for the work performed in the contractual document. The Dispute Manager shall perform the required investigation and arrive at a solution before or at the sixty (60) days timeframe for resolution of the dispute, per section 218.76, Florida Statutes. The County Administrator or his or her designee shall be the final arbiter in resolving the issue before it becomes a legal matter. The County Administrator or his or her designee will issue their decision in writing.

E. Pinellas County Dispute Resolution Procedures shall not be subject to Chapter 120 of the Florida Statutes. The procedures shall also, per section 218.76, Florida Statutes, not be intended as an administrative proceeding which would prohibit a court from ruling again on any action resulting from the dispute.

F. Should the dispute be resolved in the County's favor interest charges begin to accrue fifteen (15) days after the final decision made by the County. Should the dispute be resolved in the vendor's favor the County shall pay interest as of the original date the payment was due.

G. Instructions for Providing Files in PDF Format to Pinellas County Government

- A. Why does Pinellas County Government want all the documents as PDF files?**
Answer- It's much more efficient to go paperless, and PDF is a universal file format that fits perfectly into government workflow processes.
- B. How do I convert my files to PDF format?**
Answer- If you have a program such as Adobe Acrobat, creating a PDF of any file is a simple print function. Rather than printing to a traditional printer, the file converts to a PDF format copy of your original. Any program (such as Word, PowerPoint, Excel, etc.) can be converted this way by simply selecting the print command and choosing PDF as the printer.
- C. Should I scan everything and save as PDF?**
Answer- Not unless you are scanning with OCR (optical character recognition). Scanning will create unnecessarily large files because a scan is just a picture of a page rather than actual page text. Furthermore, the result of scanning is that your pages will not look nearly as "clean" or professional as simply using the print to PDF method from the program from which the file originates. Additionally, since scan pages are pictures of text, not really text, they may not be considered accessible* under Federal ADA guidelines (*unless the scans are OCR.)
- D. My document is a compilation of multiple sources. Should I send multiple PDF files?**
Answer- You may, however merging pages/files is a very simple process within PDF.
- E. How do I get my PDF files to Pinellas County Government?**
Answer- They may be provided on any medium that is compatible with a standard PC. A CD is generally the simplest method. Please label the CD with a listing of contents. Provide the files to whoever your Pinellas County contact is for the project you are working on. For PDF technical support, contact webadmin@pinellascounty.org.

Tips & Best-Practice Recommendations

File names should clearly identify the file. Avoid cryptic or extremely long file names.
 File names should not include spaces or special characters (stick to letters, numbers and dashes.)
 For example **MyCompany-bid-3000-oct-2012.pdf**

Check the PDF files to make sure they are functional before you send them.

If the file is large and has a table of contents, adding links to the table of contents makes your files much more user friendly.

To maximize the usefulness and audit-ability of your files, it is recommended to add some identifier (AKA metadata) information to the PDF files. To do this is simple. After you have converted your file to PDF, use Acrobat, select File-Properties, and add the name of the author, subject, and any additional info you like to make the source of the document clearly traceable.
