ADDENDUM NO. 3

Following is additional information, clarifications, questions and responses relative to referenced Request for Proposal (RFP):

QUESTIONS:

1. Is the consultant responsible in providing the topographic survey, right-of-way mapping and SUE services?

Answer: Topographic Survey, **Right-of-Way mapping**, **SUE services** and Geotechnical Engineering are to be included as part of the scope of work for the Project.

2. Is the County providing any other upfront services on this project?

Answer: "Upfront Services" is a general term and needs specific definition in order to answer the question.

3. Is the consultant to provide the survey of the project or will the County be providing a survey?

Answer: Please see answer to question 1.

4. The County is requesting a hydrologic and hydraulic model using ArcGIS© and AdICPR© for the project. Please provide additional parameters that will define the County's expectation of the models complexity such as:

- a. Model boundaries to the north, south, east and west.
- b. Resources to be used to build the model:
 - i. Environmental permits
 - ii. Lidar
 - iii. Field survey
 - iv. Etc.
- c. Will the model for the project be used to expand or increase an existing watershed model such as Allen Creek?
- d. Will it be used to expand the County's GIS inventory.
