### **ADDENDUM NO. 1**

Following is additional information, clarifications, questions and responses relative to referenced Request for Proposal (RFP):

#### Questions/Answers

1. What services do you anticipate under the title "construction management services"? Will this include materials testing and inspection?

**Answer: Construction management services typically will consist of construction engineering and inspection services. Quality Assurance testing may also be included in these services dependent on the project scope of work.**

2. Could you please clarify the page restrictions for the Engineering Consulting Services Proposal? Page 15 of the RFP states "The submittal shall be limited to one hundred (100) pages, **must be in format of a loose leaf binder.**" However, Page 16 notes that the "*Information submitted in Tab 2 through Tab 6 should be a maximum of 50 pages*". Does that mean the additional 50 pages we are allotted can only be used in the introduction tab?

**Answer: The entire submittal is limited to one hundred (100) pages; this limit includes Tab 1 through 6. Items within the Introduction Tab, Table of Contents and the tab divider pages are not included in the page limit.**
