ADDENDUM NO. 2

Following is additional information, clarifications, questions and responses relative to referenced Request for Proposal (RFP):

QUESTIONS:

1. Question: Is the County providing the survey services or do we need to include a sub in the RFP submittal?
Response: The County is planning to perform a specific purpose right-of-way survey in-house.
2. Question: Who is responsible for the topo and the survey scope? If the County is not doing the topo, will specific locations of non-compliant sidewalks/ramps be identified prior to topo survey or will the scope include all sidewalks, ramps and/or topo of intersections?
Response: Services will include topographic survey, subsurface utility designation and location at a Quality Level A and B, and post-construction services (not including Construction Engineering Inspection (CEI)).

All other specifications, terms and conditions remain the same.

Please remember to acknowledge receipt of this Addendum in Section G, Page 24 under Addendum No.2 and return with completed proposal package.

Sincerely,
