Subject: Request for Time Extension  
Pinellas County Utilities (East Lake Woodlands Country Club)  
WUP No. 20012943.000

Dear Darrin:

Pinellas County Utilities has received the District's letter dated June 8, 2006 requesting additional information for the WUP application. A time extension for responding to the District questions was granted on June 29, 2006 and extended the submittal date to November 6, 2006 in order to prepare responses and to present this project to a recently created Environmental Science Forum (ESF). This group was created as a sounding board to discuss various environmental issues. This project has been submitted to the forum for their review and hopefully will communicate the projects positive environmental values. However, additional time is needed for the ESF to discuss this project.

Given this initiative that the County wishes to pursue, we would like to request a 60 day time extension beyond the November 6, 2006 deadline.

Please advise us whether this request is acceptable to the District. If you have any questions regarding this request, please contact me at 727-464-4441.

Sincerely,

**PINELLAS COUNTY UTILITIES**
