PINELLAS TRAIL Adopt-A-Mile Program

The program allows groups to participate in improving their community through the adoption of a one-mile segment of the Fred Marquis Pinellas Trail.

What is the Pinellas Trail Adopt-A-Mile program?

The Pinellas Trail Adopt-A-Mile program is a cooperative partnership between the public/private sector and Pinellas County. Program participants agree to perform cleanups every other month to remove litter and debris.

Fred Marquis Pinellas Trail adoptions greatly enhance the appearance of the trail and go a long way toward reducing the debris entering our waterways and polluting the natural habitats of our native wildlife.

How does it work?

- Select approximately one mile of the Pinellas Trail your group would like to adopt.
- Fill out an online application or use the application in this brochure.
- Sign an agreement to perform cleanups every other month for a two-year period.
- Agree to comply with the safety procedures.
- Submit a report with your cleanup results after each cleanup.

How much does it cost?

Just a few volunteer hours! Keep Pinellas Beautiful provides trash bags, gloves and report forms at no cost to your group or business. Volunteers are also provided general liability insurance coverage.
