

This project involves a three-mile segment of SR 699 (Gulf Boulevard) between Park Boulevard and Walsingham Road within the Town of Indian Shores and the City of Indian Rocks Beach. The existing roadway is a two lane, undivided rural (open drainage) roadway with intermittent pedestrian facilities. The proposed project will be a two-lane roadway, including shoulders with bike paths and walking paths, a 16-inch reclaimed water transmission main, reclaimed water distribution lines, water line upgrades, sanitary sewer upgrades and other enhancements. Pinellas County Utilities will manage the project in conjunction with a Joint Project Agreement with the Florida Department of Transportation and the Town of Indian Rocks Beach.

Q: What is the Gulf Boulevard Project?

A: A cooperative effort between Pinellas County Utilities, the Florida Department of Transportation, and the City of Indian Rocks Beach for roadway and infrastructure improvements.

Q: Why is this project necessary?

A: To install a 16-inch reclaimed water transmission main that will improve reclaimed water pressure in the north beach communities, and to provide a safe roadway for pedestrians and motorists.

Q: Where will the construction take place?

A: A three-mile section of SR 699(Gulf Boulevard) between Park Boulevard and Walsingham Road within the Town of Indian Shores and Indian Rocks Beach.

Q: How will I know when the construction is planned in my area?

A: Pinellas County will notify affected communities by mail and website postings. Residents can call the Reclaimed Water Hotline at 464-4273 for updates.

Q: When will this construction start and how long will it take to complete?

A: Construction is anticipated to begin November 2007 and completed by August 2009.

Q: How will it affect the residents in the areas?

A: Detours will be implemented throughout construction.

Q: Will streets be closed for any period of time?

A: Yes, there will be temporary road closures.

Q: Will my water service be interrupted?

A: Yes, minor service interruptions can be expected. However, affected residents will be notified prior to scheduled service interruptions.

It is our goal to keep citizens of Pinellas County informed of any changes in their area, and work with them to provide a high level of service and support. For more information about this project, call your *Green Vest* representative at 422-8123, the Reclaimed Water Hotline at 464-4273, or visit www.pinellascounty.org/gulfblvd
