|----------------------------------|--|
| Position: | WebEOC Programmer |
| Department: | Emergency Management |
| Duties: | Pinellas County's Emergency Management Department is a first responder in times of disaster such as hurricanes. With this project, you will help enhance the WebEOC application and you will also assist EM and partner agencies with improved communications and situational awareness during times of disaster. During this 4-6 week project, you will learn about processes used in the situational awareness and resource allocation web application, WebEOC. You will conduct WebEOC Board programming using mainly HTML and JavaScript programming skills. |
| Location: | 400 S. Fort Harrison Ave., Clearwater Once project details known, may work at home. |
| Map: | gmap  |
| Additional Information: | A.A. or B.S. in Computer Science, Information Technology or Software Engineering. Experience with HTML, JavaScript (some .NET, ASP.NET and SQL would be helpful.) Students may apply if have the requisite programming experience. |
| Contact: | Joe at 464-3803 |
| Facility Operating Hours: | Monday through Friday, 8 a.m. to 5 p.m. |
