

# Volunteer Opportunities

<b>Position:</b>	<b>Intern Business Intelligence Report and Dashboard Designer</b>
<b>Department:</b>	<b>Office of Management and Budget</b>
<b>Duties:</b>	Would you like to join a team to help facilitate data-driven decision-making? The Office of Management and Budget is seeking a college intern (or comparable) to help design, modify, and test business intelligence reports and dashboards using Oracle Business Intelligence applications. The successful candidate should have strong mathematical and advanced computer skills, the ability to work independently, and the aptitude to develop and communicate creative solutions which meet defined user requirements.
<b>Location:</b>	14 S. Fort Harrison Ave., Clearwater
<b>Map:</b>	<a href="#">gmap</a> 
<b>Additional Information:</b>	This is an opportunity to both gain valuable experience and to network directly with developers in the BI analysis industry. Experience and/or coursework involving business intelligence reporting programs and dashboard design is required. Work may potentially be performed remotely after assignments have been defined.
<b>Contact:</b>	Bill Berger (727) 464-3596
<b>Operating Hours:</b>	Monday through Friday
