

# Volunteer Opportunities

<b>Position:</b>	<b>Intern Field Botanist / Plant Taxonomist</b>
<b>Department:</b>	<b>Florida Botanical Gardens</b>
<b>Duties:</b>	Expand your future career opportunities and augment the current education and conservation efforts at the Gardens. You will help volunteers with updating the plant lists by strategically identifying the needed plants and updating the current identifications using the most recent APG. Having the correct and updated taxonomy of the plants in the gardens will be of great benefit.
