“**W**hile some internships provide a spectator’s view with busy work, there are others that immerse you in the field. My internship was the latter, making this a rewarding experience and possible career choice after college.”

~Rebecca Herrin, studying Sustainability and the Built Environment, and Political Science at UF, interned for Pinellas County Extension.

FAQs

Frequently Asked Questions

Who are PCG interns?

Students from colleges, universities and technical schools. All students must be currently enrolled in school to be considered an “intern.” Sometimes a student will complete an internship on summer break.

How do I find out what’s available?

- Call Volunteer Services at (727) 464-8477 and talk to our staff **OR**
- Complete the online application on our website and indicate you’d like to be an intern **OR**
- Some departments recruit interns directly; to find more information about PCG departments, visit www.pinellascounty.org.

How do I apply?

Visit www.pinellascounty.org/Volunteer and select **Join the Team!**
