I. Call to order

II. Review and approve minutes from previous meeting

III. South Cross Bayou Education Program:
    Carla Mitchell and Ivy Drexler with PC Utilities

IV. Community Service Project

V. Video project
   A. One video was decided: Type? Design? Subcommittee?

VI. Other business

VII. Meeting adjourned
PINELLAS COUNTY YOUTH ADVISORY COMMITTEE
Meeting Minutes
November 16, 2016

For attendance see student sign-in sheet.
Agenda Outcomes –

I. Call to Order and approval of previous minutes

Dayita Wable, chairperson, called the meeting to order at 3:16 p.m. Committee reviewed minutes from meeting in October and brought up the idea about a sub committee for the YAC video. Justin motioned to approve and the motion was passed.

II. South Cross Bayou Education Program

Carla Mitchell and Ivy Drexler came to talk about the water reclamation center at South Cross Bayou. They talked about the Resource Recovery Center and how the facility recovers valuable resources, such as wastewater for irrigation and solid waste for fertilizer with the agriculture facility. Carla wanted to know how to reach out to Pinellas County students specifically, and how to make the South Cross Bayou Education Program seem interesting. Dayita gave an idea to the committee to reach out to the school’s science and math clubs, to spark an interest in the kids who want to major in science or math or engineering. Carla also introduced the idea of being able to intern, shadow, or volunteer at the program. The committee formally thanked Carla and Ivy for their time.

III. Community Service Project

The committee discussed the several community service opportunities that were voted in the previous meeting, along with which dates and times would work best for the majority of members. Another volunteer activity discussed was to volunteer at the Dunedin Markets. One of the dates offered is December 3rd, and the next date is March 4th.

IV. Video project

Dayita and Heather mentioned creating a subcommittee to let certain members run the video project. The subcommittee was formed and those members will be bringing their ideas of the design and type to the next meeting.

V. Other Businesses and Adjourn

Because there were no other businesses, the meeting was motioned and seconded to adjourn.
