Agenda
Pinellas County Youth Advisory Committee
Animal Services
12450 Ulmerton Rd, Largo, FL 33774
March 19, 2019

I. Call to Order 3:15 pm

II. Approve February meeting minutes

III. T-Shirt Design Update

IV. YAC Volunteer Day Reminder

V. BCC Meeting Overview

VI. Other Business

VII. Presentation and Tour of Animal Services- Doug Brightwell

VIII. Adjourn
The Youth Advisory Committee agreed upon a T-shirt design with a white fill with the Pinellas County Youth Advisory Committee in Orange letters in the front and back with the sunshine state in front of it. With the members names in bold in navy blue on the back.

The Youth Advisory Committee mentioned about the Heritage Village Community Outreach event on April 13th.

Doug Brightwell gave a presentation about the tendencies and correlations of the amount of time it takes a cat or a dog to spend at the animal service before being able to be released to a care-taker and an owner. In addition, he encourages ALL pet owners to have their pets microchipped as well as neutered/spayed. There is an increase of stray cats and this will help reduce this problem greatly.

Moreover, Doug Brightwell led us through a tour through the animal services where we saw dogs and cats being placed in cages based upon levels of activity, and then we went through the anesthesiology room where surgeries take place for the dogs and cats when there is an injury or a disease.

The Youth Advisory Committee called the meeting to be adjourned at 5:38 pm.
