

UTILIZATION PERMIT

PERMIT NO: _____

THE COUNTY OF PINELLAS, a political subdivision of the State of Florida, hereinafter called the Permitter, hereby grants to _____ of _____
(Name) (Street Address, City, State, Zip)

hereinafter called the Permittee, a Permit to construct , operate , maintain , renew and/or remove _____
_____ on attached plan along, across, beneath, or over right of
way and/or property of Permitter at the following location:

County Road No. _____ Name: _____ Parcel ID No. _____,
situated at _____, Florida, subject to the following provisions and conditions:
(Address or Street Intersection)

1. Construction, operation and maintenance of such utility shall not interfere with property and rights of prior occupant.
2. The construction, operation and maintenance of such utility shall not create obstruction or conditions which are or may become dangerous to the traveling public.
3. All work must be done in keeping with standards of the Florida Department of Transportation Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways, Roadway and Traffic Design Standards, Florida Department of Transportation Standard Specifications for Road and Bridge Construction, AASHTO and by the County Director or his agent.
4. All materials and equipment shall be subject to inspection by an Engineer of the County or his agent.
5. Prior to beginning any work hereunder, Permittee shall, through the State of Florida's Department of Environmental Protection Online Contamination Locator Map and the Pinellas County GIS Map, first evaluate the property herein as to any environmental risks. If subsequent to the start of any work herein Permittee encounters any environmental hazard or abnormal conditions, Permittee shall immediately cease work and notify the County. Permittee may only resume work upon written notification by County.
6. The Permittee shall and does hereby agree to indemnify, pay the cost of defense, and save harmless the Permitter from and against payment of all claims, suits, actions, costs, attorneys' fees, expenses, damages, judgments, or decrees by reason of any person or persons or property being damaged or injured by the Permittee, his employees, agents or sub-contractors or in any way attributable to the performance, prosecution, construction, operation, or maintenance of work herein permitted by Permitter and resulting from negligent acts or omissions of said Permittee in connection with the work herein permitted.
7. The Permittee shall repair any damage or injury to the road or highway or other County property by reason of the exercise of any of the privileges granted in this Permit, and shall repair the same promptly, within seven (7) days of opening, restoring it to a condition at least equal to that which existed immediately prior to the infliction of such damage or injury. (Note: All portions of the right of way other than paved areas disturbed by the construction of this utility will be compacted, grassed and mulched or sodded as required.)
8. All overhead installations shall conform to clearance standards of the State Utilities Accommodation Guide and all underground crossing installations shall be laid at a minimum depth of 36" below pavement, or at such greater depth as Permitter may require.
9. In the event of widening, repair or reconstruction of said road, the Permittee shall move or remove said utility installation at no cost to the Permitter.
10. This permit creates a permissive use only and the placing of facilities upon County property pursuant hereto shall not operate to create or to vest any property rights in said Permittee and is granted in perpetuity subject to termination by the Permitter upon the giving of 30-days' notice in writing to the Permittee.
11. The Permittee shall furnish the Permitter with a survey showing the exact locations of all facilities to be installed pursuant to this permit, said survey to be sufficiently detailed to allow location of said installation by reference thereto. The attached plan, covering details of this installation, shall be a part of this permit. Upon completion of installation, if field adjustments are made, an as-built drawing will have to be submitted.
12. Section corner monuments subject to displacement shall first be referenced and later reset by a Florida Registered Land Surveyor.
13. All activities in accordance with this permit will require conformance to the "Manual on Traffic Control and Safe Practices for Street and Highway Construction, Maintenance and Utility Operations." (Chapter 316 Florida Statutes)
14. The Permittee's attention is directed to the provisions of the Trench Safety Act (Florida Statutes, Section 553.60 et. seq.) and the Occupational Safety and Health Administration Excavation Safety Standards (29 C.F.R. Section 1926.650, Subpart P) which shall apply to construction, operation, and maintenance pursuant to this permit.
15. Compaction within right of way to meet Pinellas County Minimum Standards.
16. Public Works is to be notified a minimum of 48 hours prior to beginning work at 464-3670, otherwise the Permit will be voided.
17. If this permit is for a monitor well, copies of all testing reports are to be forwarded to Pinellas County Regulatory Services.
18. The Permittee shall commence construction within 60 days from the date of this permit and it shall be completed within _____ days.

TYPE OR PRINT NAME

APPLICATION SUBMITTAL INSTRUCTIONS

1. Description and nature of the proposed installation shall be outlined in the two blank lines on application.
2. The bottom of Application Sheet 1 shall be signed by applicant or his agent.
3. On the attached plan, the following data shall be supplied:
 - a. The plan shall show the right of way lines and the widths of right of way. The offset distance from the centerline of the proposed installation shall be shown and the scope of the proposed project, with all the distances and sizes clearly indicated.
 - b. Typical cross section shall be furnished showing width of pavement, width of right of way on each side, offset distance from centerline to proposed installation and any pertinent data to sidewalks, curbs and gutters, etc.
 - c. Indicate type of installation on both typical cross section and plan view.
 - d. All pertinent drainage information and calculations or justification for size of pipe and/or grading.
4. All improvements within County maintained right of way shall conform to Florida Department of Transportation requirements and/or Pinellas County Subdivision requirements.
5. All applications for water and sewer lines must be separate applications and countersigned by the utility involved prior to submittal.
6. This form is to be made out in QUADRUPLICATE with four (4) drawings; one fully executed copy will be returned to you after approval.
7. There is a variable processing fee that must be received prior to the issuance of the permit. Please make check payable to Board of County Commissioners.
8. Prior to permit approval, the permittee shall deliver proof of insurance as determined by Pinellas County Risk Management. See Pinellas County Land Development Code Sec 154-303. – Insurance and sureties for details
