To perform this job successfully, an individual must be able to perform the essential job functions satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the primary job functions herein described. Since every duty associated with this position may not be described herein, employees may be required to perform duties not specifically spelled out in the job description, but which may be reasonably considered to be incidental in the performing of their duties just as though they were actually written out in this job description.

**JOB SUMMARY**

This is responsible administrative and supervisory work on an assigned shift related to the operation of the Public Safety Communications Center. Employees in this class are responsible for the supervision of personnel engaged in answering and responding to phone and radio dispatch of Fire and Emergency Medical Services (EMS) response operations. Employees make independent decisions on work problems and interpretation of rules and regulations. The incumbent refers the more difficult decisions to the superior for interpretation and resolution. The position reports to a manager, supervisor or designee.

**ESSENTIAL JOB FUNCTIONS (examples, not all inclusive)**

- Supervises, assigns and reviews work of all shift personnel performing a variety of duties in connection with the operation of a 911 primary answering point and direct radio dispatch of Fire and EMS response units;
- Prepares and delivers formal start-up and end-of-shift operations briefings to telecommunicators;
- Ensures subordinates implement on-the-job best public safety practices in responding to and handling emergency calls applying the International Academies of Emergency Dispatch protocols and department procedures;
- Coordinates with other agencies in relaying or securing information and maintains constant contact with established operating frequencies;
- Establishes shift assignments for specified periods, maintains daily work schedules, assigns break times, and approves leave requests;
- Corrects equipment malfunctions or reports the malfunction to the proper maintenance personnel;
- Compiles monthly statistics of number of calls received, calls dispatched and number of reports taken by dispatchers, answers phone calls from the public and gives information or dispatches response units;
- Responds to inquiries and researches complaints.
- Handles payroll, performance reviews, discipline and other personnel management functions
- Serves as the Training Supervisor, which involves facilitating the recruitment and hiring process and the maintenance and execution of the division's training program; or the Quality Assurance Supervisor, which involves facilitating the quality assurance program and managing the quality assurance team;
- Acts as liaison between field users and the Regional 911 Communications Center;
- Acts in the absence of the Communications Center Manager;
- Performs other related job duties as assigned.
QUALIFICATIONS

Education and Experience:
5 years of emergency, tactical, or customer/public complaint experience utilizing radio and/or telephone communications experience, which includes 3 years’ experience in public safety telecommunications that includes trainer/mentor, lead worker, quality assurance reviewer and 1 year of supervisor experience, supervisory training and responsibility; or an equivalent combination of education, training, and/or experience.
