JOB SUMMARY

This is advanced level technical work with administrative responsibility in performing complex bodily injury, property damage, public liability and workers’ compensation claims adjusting and mitigation. The incumbent is responsible for performing as well as leading, assisting, and training other adjusters to complete the most complex claim cases. The incumbent coordinates and acts as the department’s expert and lead staff in one or more lines of insurance. An employee in this class assists in the development, implementation and maintenance of professional claims programs. The incumbent plans, coordinates, monitors, and participates in the analysis and investigation within the standardized practices for claims handling. Responsibilities include interpreting and applying rules and regulations; maintaining working relationships with attorneys, governmental agencies, insurance companies, physicians, the public, and all levels of county employees. Work is performed with considerable independent judgment and initiative but problems encountered of an unusual nature are referred to a supervisor for resolution. Positions allocated to this classification are filled competitively. The incumbent serves in a leadership role supporting managers and claims adjusters to complete the most complex cases in one or more lines of insurance.
