Using Strategic Thinking to Consider the Big Picture

Big-picture thinking stretches beyond the short term and considers how an organization can succeed in the long term. By thinking strategically about a problem using the bigger picture, you can elevate your perspective and get a better idea of the forces at play within your organization.

This course describes how systems thinking can help you become skillful at making sense out of opposites and contradictions and better understand cause and effect while managing your department according to the business strategy. It explains actions you can take to encourage creative thinking and come up with solutions that take into account the bigger picture. You'll also learn how understanding your organizational value chain can help you connect to the organization's strategy and implement it more effectively.
